Good Afternoon Susan,

Thank you for the notification. Unfortunately, we do not offer a breakdown of our cost estimates. The scope of work is shown on the exhibit that is a part of the attached agreement, but we are removing the existing structure that is in conflict and replacing it with a new steel pole in a location that mitigates the conflict. The construction dates, mentioned in my July 10th email, are contingent on how quickly we can get the agreements executed and the job funded, so that we can start ordering material which can have a 1-year+ lead time.

- Tentative Construction Start
  - January 2027
- Tentative Construction Finish
  - May 2027

Respectfully,

Robert Sloan

Report Phish

Robert:

I am preparing the documents to take this Construction Services Agreement to City Council for approval on August 12th. Do you have any more detailed information you could provide like a cost estimate/breakdown, scope of work and schedule? We need to provide as much information to City Council for their review.

Thank you!

Susan Oyler

Good Morning,

Please see the attached "Utility Construction Services Agreement." Please execute 2 originals and return along with the specified payment for construction. Once received, I will return a fully executed original back to you. The anticipated construction start date is 1/1/2027 and should be completed by 5/1/2027. Thanks in advance!

Respectfully,

Robert Sloan
