Re: Odyssey Academy Application for Abandonment

Odyssey Academy is requesting the abandonment of an alley located within the boundaries of property owned by the school. We are working to sell this property and the title company (Great American Title) has identified this alley as an issue that clouds the title. They have recommended we request the city of League City to abandon the alleyway clearing the title for the sale.

Odyssey Academy waives any personal claims for damages against the city of League City and further agree to defend, save and hold harmless the city of League City from any other claims that may arise against the city of League City in abandoning, vacating, and closing the right-of-way/easement.

Sincerely,
