

MEMORANDUM

To: City Council
From: Candace Brown, City Auditor *CB*
CC: John Baumgartner, City Manager
Finance Committee
Date:
Re: FY23 Internal Audit Plan PRELIMINARY

BASIS FOR PLAN

The basis for the plan comes from auditor observations, inquiries with management, consideration for follow-up audits, monitoring of industry periodicals and changes in people, processes, and systems.

Additionally, the available resources to complete audits were examined. The hours required to perform the identified audits are estimated hours. After considering hours that are unavailable for audits due to total potential paid time off, administrative duties, required training, meetings, and other time off, the net available hours for audits are determined.

Combining available hours and audits yielded the annual audit plan.

Total workday hours for FY23 are calculated to be 2080.

Administrative hours which include items such as: preparing for and attending meetings, budget reviews, continuing professional education, internal training, and general management functions is estimated at 380 hours.

Time-off is estimated at 260 hours which includes total vacation, sick, holidays, and other available absences through September 30, 2023.

This leaves 1,444 hours available for audits, agreed-upon procedures, follow-ups, investigations, advisements, and special projects.

FY23 ANNUAL INTERNAL AUDIT PLAN

Internal Audit Plan Summary

Listed below is the anticipated internal audit plan for FY23. Details of each audit engagement are included in the following pages. Actual time allocated to the individual projects will be based on approved project scopes. The internal audit plan is subject to revision, depending on changes to priorities and needs of the organization over time. As such, a portion of the audit plan is typically listed as 'discretionary'. For this audit plan no such discretionary time is budgeted. Any changes to the scheduled audits will be subject to the approval of the Council. Should there be time available to take on additional work, it will be up to the City Auditor to select an engagement from the "Additional Audits to be Considered" or "Additional Special Projects to be Considered" sections (see below) with input from the Finance Committee taken into consideration.
