..Topic:

Consider and take action on a resolution authorizing the City Manager to execute an agreement for the purchase of electric energy from a retail energy provider at the best value for the City of League City, Texas (Assistant City Manager)

..Background:

Approval of this resolution will authorize the City Manager to execute a contract for the purchase of electricity based upon the best offer received under a competitive solicitation. The City's current five-year contract for electricity with TXU expires November 2022. The current contract rate is \$0.0384/kWh. Under Texas Government Code 252.022 (15) the City is exempt from normal competitive purchasing requirements for the purchase of electricity.

Based on continual analysis of the energy markets by Tradition Energy, it is found that forward prices for 2022 and beyond should be secured today, while energy market rates are at a historical low. Natural gas prices have hit 15-year lows recently, creating a situation to secure future terms now. While these prices have been driven low due to an imbalance of excess supply vs. demand, the long-term concern is that demand will catch up to supply and then create an imbalance in the other direction. This increase in demand is expected to also increase the costs for electricity in the future. Therefore, it appears advantageous to secure future electricity prices now during this climate.

Based on recent analysis done by Tradition Energy, the expectation is that the City could lock in future rates now that could save the City 5% - 10% starting November 2022 through November 2027, providing an annual average savings of approximately \$125,000 per year for the proposed five-year term. Taking action now will ensure lower future costs for the City's electricity supply. This item is to enable the City to accept competitive offers for a new electricity contract and to authorize the City Manager to execute a contract that will secure the best price for the City.

The current electricity contract rate is \$0.0384/kWh from TXU, which expires November 2022, for a projected annual FY2019 supply cost of \$1,862,379. This rate does not include the required transmission and distribution service provider (TDSP) pass-through fees assessed by Centerpoint and Texas-New Mexico Power. These fees are regulated and covered by tariff rates approved by the PUC, so that the City has no control over these rates which would be the same regardless of which supplier or contract rate is in place. These TDSP charges are approximately \$764,185 annually with the majority going to street light maintenance.

Under this proposed action the City will receive offers from Retail Electric Providers through Tradition Energy for contract terms ranging from 12 to 69 months for a contract beginning November 2022. The most recent pricing best offers for the proposed years 2022 through 2027 ranged from TXU at \$0.03507 for a 12-month term to \$0.03393 from TXU for a 60-month term. Based on current electricity usage and TXU's proposed 2022-27 rates, this would reduce the City's overall annual supply cost for electricity to

\$1,767,929 for the 12-month option or \$1,736,446 for the 60-month option. The options for 24, 36, or 48-month terms fall within this range. This same proposed term would provide a combined saving of approximately \$635,000 over the 5-year term.

As electricity is a volatile commodity, and the prices change on a continual basis throughout the day, it is recommended that Council authorize the City Manager to execute a contract for up to 72 months at the best rate per kilowatt hour below our current rate, once it appears the City is achieving the best value based upon market conditions. The details of the executed contract will then be reported back to Council for ratification at a subsequent meeting.

Resolution No. 2018-167

RESOLUTION NO. 2018-167

A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE AN AGREEMENT FOR THE PURCHASE OF ELECTRIC ENERGY FROM A RETAIL ENERGY PROVIDER AT THE BEST VALUE FOR THE CITY OF LEAGUE CITY, TEXAS

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF LEAGUE CITY, TEXAS, as follows:

Section 1. The City authorizes the City Manager to execute an agreement for the purchase of electric energy from a retail energy provider at the best value for the City of League City, Texas.

Section 2. All resolutions and agreements and parts of resolutions and agreements in conflict herewith are hereby repealed to the extent of the conflict only.

Section 3. It is hereby found and determined that the meeting at which this resolution was passed was open to the public and that advance public notice of the time, place and purpose of said meeting was given as required by law.

PASSED AND APPROVED the 23rd day of October, 2018.

PAT HALLISEY
Mayor

DIANA STAPP
City Secretary

APPROVED AS TO FORM:

NGHIEM V. DOAN
City Attorney

Transaction Confirmation for Supply of Electricity

| | | | |
|-------------------------------|---|--|--|
| Quote Number: | 0065228370 | Product: | Fixed Price Hub DMAC |
| Business Partner #: | 0026231181 | | |
| Buyer: | City of League City 300 W WALKER ST LEAGUE CITY, TX 77573-3837 | Seller: | TXU Energy Retail Company LLC REP Certification No. 10004 6555 Sierra Drive 1-W-1 Irving, Texas 75039 Attn: Retail Contract Administration |
| Phone: | 281-554-1370 | Fax: | |
| | | Phone: | (866) 576-6745 |
| | | Fax: | (972) 556-6108 |
| I. Term | Primary Term: The Primary Term for each Premise will begin on the first meter read, and end on the first regularly scheduled meter read, for each Premise occurring on or after the dates listed below in compliance with the Base Contract for Supply of Electricity. | | |
| | Primary Term Start Date: November 1, 2022 | | Primary Term End Date: October 31, 2028 |
| II. Charges | Charge Type | Amount (Monthly Charges will be the total of the items listed in this Article II.) | |
| | i. All kWh Charge (the per kWh "Contract Price") | \$ 0.0334319 per kWh The All kWh Charge includes charges for the commodity (including the price impact, if any, resulting from the implementation of the Operating Reserve Demand Curve ("ORDC")), Energy (shaped), Ancillary Services, Qualified Scheduling Entity Charges, Renewable Energy Credit Charges, Reliability Must Run ("RMR"), Reliability Unit Commitment ("RUC"), Line Losses (TDSP), Market Clearing Price for Capacity, ERCOT Administration Fee/ISO Fees, Unaccounted for Energy ("UFE") as defined and specified in the ERCOT Protocols and the applicable TDSP's Tariff in effect as of the date of this Agreement. It will also include the settlement charges to the applicable ERCOT Hub, but will exclude settlement charges for Congestion to the applicable ERCOT Load Zone (i.e., excludes the difference between the applicable ERCOT Hub price and the applicable ERCOT Load Zone price for each fifteen (15) minute interval/block of time contained in the applicable contract billing month) which will be passed through to Buyer without markup by Seller* pursuant to "(v) Other Charges" below. | |
| | | *Buyer should be aware that the Hub to Load Zone settlement differential per interval potentially could be very volatile, with effectively no cap or limitation on how high such interval costs can go. Market and other conditions potentially could result in significant increases in such costs for extended periods of time for which Buyer nevertheless will remain responsible for paying. Seller has not provided and is not providing under this transaction any risk management or hedges in conjunction with the costs associated with this Hub to Load Zone settlement differential. | |
| | ii. Excess Usage | Not Applicable | |
| | iii. Under Usage | Not Applicable | |
| | iv. Standing Charge | The sum of the Monthly Standing Charges for all ESI IDs as listed in Exhibit A. | |
| | v. Other Charges | Varies by ESI ID throughout the Term. All charges, other than those listed above or below, imposed upon Seller or Buyer by the TDSP or another Party that are allowed or required by the PUCT, ERCOT, or any other governmental or regulatory authority, on or with respect to the acquisition, sale, delivery, and purchase of the Power. | |
| | vi. Taxes | Varies by ESI ID throughout the Term. All taxes imposed by any governmental or regulatory authority on the acquisition, sale, delivery, and purchase of the Power. Includes, but is not limited to, Seller's Texas Gross Receipts Tax and Public Utility Commission Assessment on the acquisition, sales, delivery, or purchase of the Power. | |
| | vii. Aggregator/Third Party Fee | The pricing under this Agreement reflects a payment to TFS Energy Solutions LLC in connection with its efforts to facilitate Buyer and Seller entering into this Agreement. | |
| III. BILLING | Payment Terms: Net 30 days from the date of the invoice via CHECK | | |
| IV. SPECIAL PROVISIONS | INITIAL SECURITY: An initial cash deposit in the amount of \$0.00 is required within sixteen (16) days from the issuance date of the invoice for the deposit. Once received, the cash deposit may be replaced by a surety bond, or an irrevocable letter of credit either of which shall be (i) in a form reasonably acceptable to Seller, (ii) from an institution reasonably acceptable to Seller, and (iii) in the same dollar amount as the cash deposit. The security shall remain in effect until at least two (2) months after the Primary Term End Date. | | |

CALCULATION AND PAYMENT OF CHARGES

The following shall be added at the end of Section 4.2 of the Base Contract for this Agreement:

(d) If, during the term of an Agreement, Buyer's actual monthly usage for two consecutive calendar months materially differs (i.e., increases or decreases by more than 25%) from the monthly contract quantities provided for in such Agreement for each such month, then, upon notice from one Party to the other Party, the Parties agree to (i) work in good faith with one another to reasonably adjust the remaining contract quantities for such Agreement on a forward basis, and (ii) pass through any credits or costs as reasonably determined by Seller associated with effectuating such adjustment. In such event, Buyer may choose whether such credits or costs are passed through (1) as a single amount, or (2) on a monthly basis over the remaining Term.

REMEDIES UPON TERMINATION

Section 6.1 of the Base Contract shall be replaced with the following provisions with respect to this Agreement for the term of this Agreement:

6.1 A "Material Breach" of an Agreement means: (a) the failure of either Party to make any payment due to the other Party pursuant to the terms of such Agreement when such failure is not cured within 10 calendar days following written notice of such failure describing the breach in reasonable detail; (b) the failure of a Party to comply with any other material term of such Agreement when such failure is not cured within 30 calendar days following written notice of such failure describing the breach in reasonable detail; (c) a Party becomes or declares that it is bankrupt, or becomes or declares that it is the subject of any proceedings, or takes any action whatsoever, relating to its bankruptcy or liquidation, or is not generally paying its debts as they become due; (d) Buyer enters into another electricity supply agreement, with another party, that covers any Premise(s) during a time when such Premise(s) is covered by such Agreement; (e) Buyer sells, leases, closes or otherwise conveys or assigns any of the Premise(s) under such Agreement, except as allowed under Article IV ("Special Provisions") of the applicable Transaction Confirmation, or Article V ("Addition and Removal of Premises") or Section 12.2 ("Assignment") hereof; (f) Buyer's total monthly usage ever decreases to a de minimis amount or fails to exceed a de minimis amount for reasons other than Force Majeure or Seller's breach; (g) any representation of a Party hereunder is not true and correct in all material respects as of the date an Agreement is entered into; or (h) the failure of Buyer to timely pay security to Seller as may be required hereunder. In the event of a Material Breach of an Agreement by either Party, the non-breaching Party may, in its sole discretion, and without prejudice to any other rights under such Agreement, at law or in equity, immediately terminate the Agreement.

TXU ENERGY GREENBACK PROGRAM

As a result of executing this Transaction Confirmation for Supply of Electricity, Buyer is eligible to participate in Seller's Energy Efficiency Rebate Program and receive up to the following amount(s) in rebates for qualifying energy efficiency work performed and completed at Buyer's Premises during the periods listed below of the term of this Transaction Confirmation. Documentation for all such work must be submitted to Seller by the dates listed below (i.e., Buyer must provide appropriate documentation to Seller, in the form of invoices and/or contracts for all completed qualifying energy efficiency work, on or before the applicable date recited below or the rebates will expire for such time period). Seller shall have the right to audit Buyer's facilities to verify any energy efficiency work submitted for the payment of rebates. The foregoing shall not be construed to relieve Buyer from its obligation to purchase monthly contract quantities as otherwise provided in this Agreement.

- \$10,000.00 for qualifying energy efficiency work performed and completed during November 2022 – October 2023 and submitted by October 31, 2023.
- \$10,000.00 for qualifying energy efficiency work performed and completed during November 2023 – October 2024 and submitted by October 31, 2024.
- \$10,000.00 for qualifying energy efficiency work performed and completed during November 2024 – October 2025 and submitted by October 31, 2025.
- \$10,000.00 for qualifying energy efficiency work performed and completed during November 2025 – October 2026 and submitted by October 31, 2026.
- \$10,000.00 for qualifying energy efficiency work performed and completed during November 2026 – October 2027 and submitted by October 31, 2027.
- \$10,000.00 for qualifying energy efficiency work performed and completed during November 2027 – October 2028 and submitted by October 31, 2028.

ADDITION AND REMOVAL OF PREMISES

Sections 5.1 and 5.2 of the Base Contract shall be replaced with the following provisions with respect to this Agreement for the term of this Agreement:

5.1 (a) Buyer shall have the limited right to add ESI IDs to, or delete some but not all ESI IDs from, this Agreement. The addition and deletion of ESI IDs will be done without modifying the aggregated quantities of electricity set forth on

Exhibit A-1, until the cumulative total quantities of electricity attributable to all such additional and/or deleted ESI ID(s) equal 10 percent (10%) of the aggregated quantities originally listed on Exhibit A-1 for the Primary Term of the Agreement (the "Add/Delete Tolerance Range"). Buyer may make a request to add ESI IDs once per business day as a single combined addition request, and Buyer may make a request to delete ESI IDs once per business day as a single combined deletion request. In either such event, in order to initiate either the addition or the deletion of ESI IDs from this Agreement, Buyer shall submit its request to Seller with as much prior notice as is practicable, using Seller's then current form for such request, Seller shall reasonably determine the quantities of electricity that are applicable to each added or deleted ESI ID, and Seller will examine all requests in order to determine whether the request(s) is within the Add/Delete Tolerance Range. There shall not be any "netting" of additions and deletions; each request to either add or delete shall be a separate request. Exhibit A shall be deemed modified to reflect the addition and/or deletion of such ESI IDs. Buyer's sending of a request to Seller to add or delete ESI IDs shall be considered Buyer's authorization to charge the cost of the request, as provided below, once Buyer has reached the Add/Delete Tolerance Range as the result of ESI ID additions and/or deletions.

(b) Once Buyer has reached the Add/Delete Tolerance Range as the result of ESI ID additions and/or deletions, with regard to (i) any future ESI ID addition(s) and (ii) if applicable, any portion of the addition request that caused Buyer to exceed the Add/Delete Tolerance Range, Seller shall have the right to charge Buyer up to the total cost of such request, i.e., the positive amount, if any, calculated as follows: [(the kWh amount of the quantities of electricity attributable to the ESI ID addition request, the "ESI ID Additional Quantities") multiplied by (the then current market based pricing per kWh as reasonably determined by Seller, minus the contract price per kWh according to the Agreement)] (the "ESI ID Addition Payment"). Upon being invoiced by Seller, Buyer shall pay such amount to Seller within twenty (20) calendar days. Exhibits A and A-1 shall be deemed modified to reflect the addition of such ESI IDs and associated electricity quantities. Any ESI IDs and associated ESI ID Additional Quantities added hereunder to this Agreement shall be subject thereafter to the contract pricing, monthly contract usage tolerances and other provisions of this Agreement.

(c) Once Buyer has reached the Add/Delete Tolerance Range as the result of ESI ID additions and/or deletions, then with regard to (i) any future ESI ID deletion(s) and (ii) if applicable, any portion of the deletion request that caused Buyer to exceed the Add/Delete Tolerance Range:

(1) In the event a new owner or lessee of a Premise (i) is willing to sign a new Agreement with Seller for such Premise using Seller's then standard form of contract with the same pricing as this Agreement, (ii) is deemed creditworthy in Seller's reasonable opinion, and (iii) the new owner or lessee and Seller can legally enter into such Agreement in accordance with the rules and regulations of the PUCT, then, provided that such new Agreement is fully executed between the new owner or lessee and Seller, the Premise (and the associated ESI IDs and electricity quantities) will be deleted from this Agreement and Buyer will not owe any compensation to Seller with respect to such deletion (a "Premise Buyout"); otherwise,

(2) Seller shall have the right to charge Buyer up to the total cost of such request, i.e., the positive amount, if any, calculated as follows: [(the kWh amount of the quantities of electricity attributable to the ESI ID deletion request, the "ESI ID Liquidated Quantities") multiplied by (the Contract Price per kWh that Buyer would have paid for the ESI ID Liquidated Quantities through the end of the Agreement Term according to this Agreement, minus ninety-five percent (95.0%) of the then current market value as reasonably determined by Seller)] (the "ESI ID Liquidation Payment"). Upon being invoiced by Seller, Buyer shall pay the amount of the ESI ID Liquidation Payment to Seller within twenty (20) calendar days.

In either event, Exhibits A and A-1 shall be deemed modified to reflect the deletion of such ESI IDs and associated electricity quantities.

EXECUTION

Buyer and Seller each agree that this Transaction Confirmation may be executed by written or electronic signature and may be delivered by facsimile or other electronic transfer in multiple counterparts, each of which will be as binding on the Buyer or Seller as an original document. Buyer and Seller each understand and agree that such facsimiles or other electronic transmissions shall be deemed to constitute the original of such documents, and that any objections that they do not constitute the "best evidence" of the documents, or that they do not comply with the "Statute of Frauds," as well as any other similar objections to the validity or admissibility of the document, are hereby expressly waived by the Buyer and Seller.

V. BASE CONTRACT

Buyer acknowledges that it has previously been furnished with a Base Contract for Supply of Electricity ("Base Contract"), which is an integral part of the Agreement to which this Transaction Confirmation applies. In the event that Buyer has not executed the Base Contract as of the time of Buyer's execution of this Transaction Confirmation, then Buyer's execution of this Transaction Confirmation shall be deemed to be Buyer's ratification, adoption and acceptance of the Base Contract as last provided by Seller. Exhibits A & A-1 and other attachments, as applicable, are incorporated herein by reference.

Total Number of Points of Delivery = 250

Total Peak kW = 9,438

Total Monthly Standing Charges = \$0.00

ESI ID ACKNOWLEDGEMENT

Buyer represents and warrants that each and every ESI ID and Premise listed in this Exhibit A primarily serves Buyer's commercial non-residential purposes, and that all information listed therein (including the Monthly Contract Usage Quantities on Exhibit A-1) is accurate and correct. Buyer agrees to bear all responsibility, liability, and associated costs with regard to (i) the foregoing representation and warranty, as well as (ii) any missing ESI IDs not listed in Exhibit A, and/or ESI IDs erroneously listed on Exhibit A.

In the event this Exhibit A contains temporary placeholder ESI ID numbers (typically denoted by "TPH" at the beginning of the ESI ID number) for contracted future Buyer ESI IDs, then (i) Buyer shall give Seller at least thirty (30) days prior written notice of the date that each such ESI ID will be energized as a Buyer ESI ID

(i.e., when Buyer will begin utilizing the applicable facility located at Buyer's Premise), (ii) Seller will not be obligated to serve any such ESI ID under the Agreement until, at the earliest, after the expiration of at least thirty (30) days after Buyer's written notice has been given to Seller, and (iii), in any event, Buyer's giving, or failure to give, timely notice to Seller shall not affect Buyer's obligation, under the Agreement, to be responsible for all volumes contracted for under the Agreement as reflected on Exhibit A-1.

Exhibit A-1 – Monthly Contract Quantities

Legal Name: City of League City

Total Contract kWh: 173,801,574

Quote: 0065228370
