**City of League City
Request for Proposal 24-001
Fleet Vehicle Replacement**

I. Introduction

The City of League City is soliciting proposals from interested and qualified firms to Fleet Vehicle Replacement. The City reserves the right to make a single award or multiple awards to accomplish all services outlined in this RFP.

A. Clarification and Interpretation of RFP

1. The words “must” or “will” or “shall” in this RFP indicate mandatory requirements. Taking exception to any mandatory requirement will be grounds for rejection of the proposal.
2. The City desires to avoid any misunderstanding where it is assumed that a feature is included in the proposal and turns out to be an optional, extra cost feature. As such, any question answered with an indication of compliance will be considered included at no additional cost. Any service that is referred to in the body of this response (does not pertain to attachments and brochures) will be considered included in the basic offer.

B. Purpose

The purpose of this RFP is to provide minimum requirements, solicit proposals, and gain adequate information from which the City may evaluate the proposer’s products and services as they compare to the other providers and as they pertain to the needs of the City’s organization as defined in this document.

C. Confidential or Proprietary Information

Throughout the process of evaluating proposals and negotiating a contract, all information contained in proposals shall be kept confidential. Upon Council award of contract or rejection of all proposals, contracting information, as defined by Texas Government Code 552 and in this document, shall be open for public inspection. This includes successful and unsuccessful proposals. Exceptions may be made if releasing the information would harm City interests by providing an advantage to a competitor or bidder in a future competitive situation, or if information requested contains trade secrets, or proprietary information.

Any information that the potential vendor or Proposer believes may be considered proprietary, confidential or a trade secret should be stamped with the term CONFIDENTIAL on that part of the proposal. All proposals and parts of proposals which are not marked as confidential will be automatically considered public information after the contract is awarded. If the vendor, contractor, potential vendor, or potential Proposer wishes to claim that information is proprietary, they must demonstrate based on specific factual evidence that disclosing the information would reveal an individual approach to work, organizational structure, staffing, internal operations, processes, or discounts, pricing methodology, cost data or other pricing information that will be used in future solicitation or bid documents; or give advantage to a competitor.

In the event that information contained in those sections marked confidential are included in an Open Records Request, the City will decline to release the information for the purpose of requesting an attorney general decision. The City will make a good faith effort to contact the vendor, so they may submit in writing to the attorney general the reasons why the information should be withheld or released. If the vendor cannot be contacted, the information may be released without further review. The process to be followed upon receipt of the request for information that potentially contains trade secrets, or proprietary or confidential information will be as follows:

1. City will make a good faith effort to notify the vendor in writing that the information has been requested within a reasonable time, but no more than ten (10) business days after receiving the request. This will include a copy of the written request for information, and a statement that the vendor is entitled to submit to the attorney general with ten (10) business days the reason(s) with the information should be withheld and a letter, memorandum, or brief in support of that reason.
2. The vendor who submits a letter, memorandum, or brief to the attorney general shall send a copy to the person who requested the information from the governmental body. If the letter, memorandum, or brief contacts the substance of the information requested, the copy sent may be a redacted copy.
3. The attorney general shall promptly render a decision when requested, consistent with the standards of due process, determining whether the requested information requested contains trade secrets, or confidential or propriety information as defined in Texas Government code 552. The decision shall be rendered no later than the 45th business day after the date the attorney general received the request for a decision.

Contracting Information – information in a voucher or contract relating to the receipt of expenditure of public funds; solicitations or bid documents; communications sent between the City and a vendor, contractor, potential vendor or potential Proposer during solicitation, evaluation, or negotiation of a contract; documents, including bid tabulations, showing the criteria by which a government body evaluates each vendor; and communications and other information sent between City and a vendor or Proposer related to the performance of a final contract with City or work performed on behalf of City.

Trade Secrets – all forms and types of information including business, scientific, technical, economic, or engineering information and any formula, design, prototype, pattern, plan, compilation, program device, program, code, device, method, technique process, procedure, financial data, or list of actual or potential customers or suppliers, whether tangible or intangible and whether or however stored, compiled, or memorialized physically, electronically, graphically, photographically, or in writing if the owner of the trade secret has taken reasonable measures under the circumstances to the information secret and the information derives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable through proper means by, another person who can obtain economic value from the disclosure of the information.

**RFP 24-001
Fleet Vehicle Replacement**

General Instructions: To provide the city of League City with Fleet Vehicles as per specifications herein. Unless otherwise specified, any manufacturers' names, trade names, brand names, information and/or catalog numbers listed in this specification are descriptive, not restrictive. The proposer may offer as many products per listed item that they would like the city to consider. The proposer must demonstrate comparability, by including appropriate catalog materials, literature, specifications, test data, etc. The city of League City shall determine in its sole discretion whether a product is acceptable as an equivalent.

Price is an important consideration, but not the only consideration as fitness for a specific purpose; reliability and dependability of the proposer, manufacturer, and vehicle; estimated delivery times; impacts of noted exceptions; and overall responsiveness will also be considered.

Vendors are encouraged to submit as many makes/models that are comparable to the requested item. If the vendor has several vehicles that are comparable to item A (for example they have a comparable vehicle that is a V8, but also one that is a V6 but can be delivered sooner), vendor can submit two Item A specification forms.

Vehicle Description: The city of League City anticipates purchasing twenty-three vehicles which must be a new 2022, 2023 or 2024 model specified in the following table.

All proposals, data, and information submitted to the City of League City are subject to release under the Texas Public Information Act ("Act") unless exempt from release under the Act. You are not encouraged to submit data and/or information that you consider to be confidential or proprietary unless it is absolutely required to understand and evaluate your submission.

At a minimum, the pages where the confidential information appears should be labeled and the information you consider confidential or proprietary clearly marked.

Failure to label the actual pages on which information considered confidential appears will be considered as a waiver of confidential or proprietary rights in the information.

In the event a request for public information is filed with the City which involves your submission, you will be notified by the City of the request so that you have an opportunity to present your reasons for claims of confidentiality to the Texas Attorney General.

In signing this form, I acknowledge that I have read the above and further state (Please check one):

See Specific Instructions on page 3.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.
