200-00-0020	<p>ThreatID GLS - Includes: Full spectrum FTIR spectrometer with hot-swappable batteries. Upgradeable sample interface for solids and liquids, gases or all. Integrated video beneath interface for ease of sample placement/verification of solids/liquids interface cleanliness. Large, hardened touch screen compatible with gloved hands.</p> <p>ThreatAssist™ Chemical Properties Database -proprietary on-board chemical properties database provides instant access to actionable data on ALL library spectra including: Common name, physical appearance and common uses, IDLH and Vapor pressure as well as ghs hazard class pictograms and NFPA diamonds.</p> <p>Reachback 1 Year Support Package - free software and library upgrades for life of support package. Full warranty on all parts and labor to repair system. Free loaner system during repair. 24/7/365 access to Ph.D chemists, product engineers and application specialists for spectral interpretation assistance and/or technical support</p>	1	35,990.00	35,990.00

Item	Description	Qty	Cost	Total
200-00-2001	Solids/Liquids sample interface consisting of a diamond crystal, pressure device and liquids well. This allows the instant analysis of solids, liquids, pastes and gels with no preparation. The interface is positioned over pins and locked into position with no need for alignment. The Solids/liquids interface is provided with more than 23,000 library spectra including TICS, TIMS, Drugs (including fentanyl derivatives), WMD agents including blister, nerve and next generation agents, pesticides, common consumer products and common mixtures.	1	15,000.00	15,000.00
200-00-2010	4 meter gas cell in a 6 inch body. Infrared light passes through the sample 24 times for maximum sensitivity. This allows the instant analysis of gases and vapor with no pre-concentration. The gas interface is positioned over pins and locked into position with no need for alignment. The gas cell is accompanied by a 5,500 spectra library of gases and vapors.	1	25,000.00	25,000.00
