PROJECT DESCRIPTION

This project was identified in the 2018 WW Master Plan and includes the construction of an additional 2.0 MGD of wastewater treatment capacity at SWWRF. The facility is currently permitted for 4.0 MGD average daily flow and was project to increase to 8.0 MGD. Projected rate of westside development will be evaluated to determine if this capacity upgrade should be increased to a 4.0 MGD expansion versus the proposed 2.0 MGD. This would increase treatment capacity to 8.0 MGD and create potential savings based on the economy of scale of construction cost. The project will add a mirror process train of the existing SWWRF and will include additional aeration basin, blower, wet well expansion, secondary clarifier, UV channel, tertiary disk filter, digester, dewatering unit, and all peripheral electrical, instrumentation, pumps, odor control, and SCADA upgrades.

2018 CRF update = 35% of project qualifies for CRF funding

PROJECT JUSTIFICATION

Current wastewater flow projections in the SWWRF service area show the need for additional treatment capacity within the next five years to sustain current and future growth. The TCEQ 75/90 Rule requires Wastewater Treatment Facilities to initiate the design of a capacity expansion when annual average flows exceed 75 percent of the permitted flow for three consecutive months and to begin construction when the same flows reach 90 percent.

| ADDITIONAL CONSIDERATIONS | | | | | | | | | |
|---|-----|----|----------------------------|----------|--|--|--|--|--|
| | YES | NO | Recurring M&O Costs | Amount | | | | | |
| Is the project necessary under State/Federal Mandate, | NO | | Personnel/Benefits (50xx) | \$0 | | | | | |
| contractual obligation, or City Code? | | NO | Supplies (51xx) | \$15,000 | | | | | |
| Will this project create future Capital Projects? | | NO | Repairs/Maintenance (52xx) | \$10,000 | | | | | |
| Is your request in the current C I P? | YES | | Services (53xx) | \$36,000 | | | | | |
| If yes, has the cost of the project changed? | YES | | TOTAL | \$61,000 | | | | | |
