

STANDARD AGREEMENT

(Version 8-16-2023)

This AGREEMENT (“Agreement”) is entered by and between **Bound Tree Medical** (“Contractor”), located at **500 Tuttle Crossing Blvd., Dublin OH 43016** and the **City of League City** (“City”), a home-rule municipality, located at 300 W. Walker St., League City, Texas 77573 on the date set forth below.

Terms:

1. **Scope of Services:** Contractor will perform the services and/or provide the products as set forth in **Exhibit A**, which is attached and incorporated herein, and which can be generally described as **medical supplies**. If there is a conflict between the terms of this Agreement and Exhibit A, the terms of this Agreement will prevail.
2. **Term and Termination:** This Agreement shall commence on **October 1, 2023** and shall expire on **September 30, 2026**. The period from commencement to expiration is the Contract Term. City reserves the right to terminate this Agreement for convenience upon seven (7) days written notice to Contractor. Upon such termination, City shall pay Contractor, at the rate set out in **Exhibit A**, for services satisfactorily performed or products satisfactorily provided up through the date of termination. Notwithstanding any provision in this Agreement to the contrary, City will not be required to pay or reimburse Contractor for any services performed or for expenses incurred by Contractor after the date of the termination notice that could have been avoided or mitigated by Contractor.
3. **Compensation:** Contractor shall be paid for the services/products as set forth in **Exhibit A**. In no event shall the total compensation exceed **\$540,000.00** during the term of this Agreement. City shall tender payment (including progress/partial payments) for services/goods only after such services are completed or goods are delivered and are deemed to be acceptable under this Agreement, in the sole reasonable discretion of City. Contractor must submit to City invoices for all goods delivered and services provided, which invoices must include details and dates of service or delivery. Payment by City shall be made within thirty (30) days of receipt of an invoice, except for any portion of the invoiced amount that City disapproves as not compliant under this Agreement, in the sole reasonable discretion of City. If City disapproves any amount submitted for payment by Contractor, City shall give Contractor specific reasons for disapproval in writing.
4. **Insurance:** Contractor **is not** required during the Contract Term to maintain insurance as follows: (a) Comprehensive General Commercial Liability insurance covering bodily injury and property damage, with minimum coverage limits—exclusive of defense costs—of \$1,000,000 per occurrence and \$2,000,000 aggregate; (b) If Contractor will provide City “professional services,” as that term is used in Chapter 252 of the Texas Local Government Code, Professional Liability (errors and omissions/malpractice) insurance with minimum coverage limits—exclusive of defense costs—of \$2,000,000 per occurrence; and (c) If at any point during the Contract Term it is foreseeable that Contractor will enter upon City premises: (i) Worker’s Compensation coverage with statutory limits for the State of Texas, and (ii) Commercial Automobile Liability coverage with minimum coverage limits—exclusive of defense costs—of \$1,000,000 per occurrence and

\$2,000,000 aggregate. All policies must contain a waiver of subrogation against City. Comprehensive General Liability and Commercial Automobile Liability policies must name the City as Additional Insured. Contractor shall pay all insurance deductibles and deductibles must not exceed \$10,000 unless approved in advance by City. Contractor shall provide City Certificates of Insurance evidencing these insurance requirements prior to the start of work.

5. **Liquidated Damages:** Liquidated damages **are not** applicable to this transaction. Contractor acknowledges that time is of the essence in performing this Agreement. City and Contractor (collectively, the “Parties”) agree that if Contractor is late in performing any obligation of this Agreement, City will suffer loss, damages, or other harm from Contractor’s delay. The Parties agree that the amount of loss, damages, or harm likely to be incurred is incapable or difficult to precisely estimate, and therefore Contractor agrees to pay City liquidated damages for delay at a daily rate equal to the total compensation allowed under the Agreement divided by the number of days in the Contract Term. The Parties further agree that: (i) the liquidated damages specified herein are not a penalty but rather bear a reasonable relationship to, and is not plainly or grossly disproportionate to, the probable loss likely to be incurred by City as a result of Contractor’s delay; (ii) one of the reasons for City and Contractor to agree to such amounts is the uncertainty and cost of litigation regarding the question of actual damages; and (iii) City and Contractor are sophisticated business parties and negotiated this Agreement at arm’s length.
6. **Independent Contractor:** Contractor is an independent contractor and is not an employee, partner, joint venture, or agent of City. Contractor understands and agrees that he/she will not be entitled to any benefits generally available to City employees. Contractor shall be responsible for all expenses necessary to carry out the services under this Agreement and shall not be reimbursed by City for such expenses except as otherwise provided in this Agreement.
7. **Intellectual Property:** This Agreement shall be an Agreement for services and the parties intend and consider any work created as a result of this Agreement, including any and all documentation, images, products or results, to be a work (the “Work”) for hire under federal copyright law. Ownership of the Work shall belong to and remain the exclusive property of City. The Work may be edited at any time within City’s discretion. If the Work would not be considered a work-for-hire under applicable law, Contractor hereby assigns, transfers, and conveys any and all rights, title and interest to City, including without limitation all copyrights, patents, rights of reproduction, rights to ownership, and right to secure registrations, renewals, reissues and extensions thereof. As the sole copyright holder of the Work, City maintains and asserts the rights to use, reproduce, make derivative works from, and/or edit the Work in any form of medium, expression or technology now known or hereafter developed, at any time within City’s discretion. Contractor shall not sell, disclose or obtain any other compensation for the services provided herein or the Work. If the Work is one to which the provisions of 17 U.S.C. § 106A apply, Contractor hereby waives and appoints City to assert on Contractor's behalf Contractor's moral rights or any equivalent rights regarding the form or extent of any alteration to the Work (including, without limitation, removal or destruction) or the making of any derivative works based on the Work, including, without limitation, photographs, drawings or other visual reproductions of the work, in any medium, for City’s purposes.
8. **Confidentiality:** During the course of the services to be provided under this Agreement, Contractor may become privy to confidential information of City. Contractor agrees to treat as confidential the information or knowledge that becomes known to Contractor during performance of this Agreement and to not use, copy, or disclose such information to any third party unless authorized in writing by City. This provision does not restrict the disclosure of any

information that is required to be disclosed under applicable law. Contractor shall promptly notify City of any misuse or unauthorized disclosure of City's confidential information and upon expiration of this Agreement shall return to City all confidential information in Contractor's possession or control. Contractor shall further comply with all information security policies of City that may apply and shall not make any press releases, public statements or advertisement referring to the services provided under this Agreement or the engagement of Contractor without the prior written approval of City.

9. **Warranties and Representations:** Contractor warrants and agrees that Contractor shall perform its services and conduct all operations in conformity with all applicable federal, state, and local laws, rules, regulations, and ordinances. For any service performed on premises owned or controlled by City, Contractor warrants and agrees that Contractor will perform said services in compliance with all City rules, including but not limited to, prohibitions related to tobacco use, alcohol, and other drugs.
10. **Licenses/Certifications:** Contractor represents and warrants that it will obtain and maintain in effect, and pay the cost of, all licenses, permits or certifications that may be necessary for Contractor's performance of this Agreement. If Contractor is a business entity, Contractor warrants, represents, covenants, and agrees that it is duly organized, validly existing and in good standing under the laws of the state of its formation; and is duly authorized and in good standing to conduct business in the State of Texas, that it has all necessary power and has received all necessary approvals to execute and deliver the Agreement and is authorized to execute this Agreement according to its terms on behalf of Contractor.
11. **Performance/Qualifications:** Contractor agrees and represents that Contractor has the personnel, experience, and knowledge necessary to qualify Contractor for the particular duties to be performed under this Agreement. Contractor warrants that all services performed under this Agreement shall be performed consistent with generally prevailing professional or industry standards.
12. **Conflict of Interest:** Contractor warrants, represents, and agrees that Contractor presently has no interest and shall not acquire any interest, direct or indirect, that would conflict in any manner or degree with Contractor's performance of the services hereunder. Contractor further warrants and affirms that no relationship or affiliation exists between Contractor and City that could be construed as a conflict of interest with regard to this Agreement.
13. **INDEMNIFICATION: CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS CITY , AND EACH OF ITS OFFICIALS, OFFICERS, AGENTS AND EMPLOYEES FROM AND AGAINST ALL CLAIMS, ACTIONS, SUITS, DEMANDS, PROCEEDINGS, COSTS, DAMAGES AND LIABILITIES, INCLUDING WITHOUT LIMITATION ATTORNEYS' FEES AND REASONABLE LITIGATION COSTS, ARISING OUT OF, CONNECTED WITH, OR RESULTING FROM ANY ACTS OR OMISSIONS OF CONTRACTOR OR ANY AGENT, EMPLOYEE, SUBCONTRACTOR, OR SUPPLIER OF CONTRACTOR IN THE EXECUTION OR PERFORMANCE OF THIS CONTRACT, TO THE EXTENT THE CLAIM ARISES FROM**

NEGLIGENCE, WILLFUL ACT, BREACH OF CONTRACT OR VIOLATION OF LAW.

14. **Force Majeure:** Neither City nor Contractor shall be liable for any delay in the performance of this Agreement, nor for any other breach, nor for any loss or damage arising solely from uncontrollable forces such as fire, theft, storm, war, or any other force majeure that could not have been reasonably avoided by the exercise of due diligence.
15. **Notices:** Any notice given under this Agreement by either party to the other may be affected either by personal delivery in writing or by mail, registered or certified postage prepaid with return receipt requested. Mailed notices shall be addressed to the addresses of the Parties as they appear in the contract. Notices delivered personally shall be deemed communicated at the time of actual receipt. Mailed notices shall be deemed communicated three (3) days after mailing.
16. **Texas Family Code Child Support Certification:** Pursuant to Section 231.006 of the Texas Family Code, Contractor certifies that it is not ineligible to receive the award of or payments under the Agreement and acknowledges that the Agreement may be terminated, and payment may be withheld if this certification is inaccurate.
17. **State and/or City Auditor:** Contractor understands that acceptance of funds under the Agreement constitutes acceptance of the authority of the Texas State Auditor's Office, or any successor agency or the City's internal auditor (collectively, the "Auditor"), to conduct an audit or investigation in connection with those funds. Contractor agrees to cooperate with the Auditor in the conduct of the audit or investigation, including without limitation providing all records requested. Contractor will include this provision in all contracts with permitted subcontractors.
18. **Jurisdiction:** Any disputes under this Agreement shall be brought in a court of competent jurisdiction in Galveston, Texas and governed by Texas law.
19. **Alternative Dispute Resolution:** To the extent that Chapter 2260, Texas Government Code, is applicable to this Contract and is not preempted by other applicable law, the dispute resolution process provided for in Chapter 2260 and the related rules adopted by the Texas Attorney General Pursuant to Chapter 2260, shall be used by City and Contractor to attempt to resolve any claim for breach of contract made by Contractor that cannot be resolved in the ordinary course of business. The Director of Finance of City shall examine Contractor's claim and any counterclaim and negotiate with Contractor in an effort to resolve such claims. This provision shall not be construed as a waiver by City of its right to seek redress in the courts.
20. **Entire Agreement:** This Agreement contains the entire understanding between the Parties and supersedes all prior agreements, arrangements, and understanding, oral or written between the Parties relating to this Agreement. This Agreement may not be modified except by mutual written agreement of the Parties executed subsequent to this Agreement.
21. **Eligibility to Receive Payment:** Contractor certifies that, as a matter of state law, it is not ineligible to receive the Agreement and payments pursuant to the Agreement and acknowledges that the Agreement may be terminated, and payment withheld if this representation is inaccurate.
22. **Payment of Debt/Delinquency to State:** Contractor certifies that it is not indebted to the City of League City and is current on all taxes owed to the City of League City. Contractor agrees that any payments owing to Contractor under the Agreement may be applied directly toward any debt

or delinquency that Contractor owes the City of League City regardless of when it arises, until such debt or delinquency is paid in full.

23. **Products and Materials Produced in Texas:** If Contractor will provide services under the Agreement, Contractor covenants and agrees that in performing its duties and obligations under the Agreement, it will purchase products and materials produced in Texas when such products and materials are available at a price and delivery time comparable to products and materials produced outside of Texas.
24. **Risk of Loss:** If applicable, all work performed by Contractor pursuant to the Agreement will be at Contractor's exclusive risk until final and complete acceptance of the work by City. In the case of any loss or damage to the work prior to City's acceptance, bearing such loss or damage will be Contractor's responsibility.
25. **Publicity:** Contractor shall not use City's name, logo or likeness in any press release, marketing materials or other public announcement without receiving City's prior written approval.
26. **Legal Construction/Severability:** In the event that any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision, and this Agreement shall be construed as if such invalid, illegal or unenforceable provisions had never been contained in it. To this end, the provisions of this Agreement are declared to be severable. The Parties may mutually agree to renegotiate the Agreement to cure such illegality/invalidity or unconstitutionality if such may be reasonably accomplished.
27. **Limitations:** The Parties are aware that there are constitutional and statutory limitations on the authority of City to enter into certain terms and conditions of the Agreement, including, but not limited to, those terms and conditions relating to liens on City's property; disclaimers and limitations of warranties; disclaimers and limitations of liability for damages; waivers, disclaimers and limitations of legal rights, remedies, requirements and processes; limitations of periods to bring legal action; granting control of litigation or settlement to another party; liability for acts or omissions of third parties; payment of attorneys' fees; dispute resolution; indemnities; and confidentiality (collectively, the "Limitations"). Any terms and conditions related to the Limitations will not be binding on City except to the extent authorized by the laws and Constitution of the State of Texas.
28. **Sovereign Immunity:** The Parties agree that neither the execution of the Agreement by City nor any other conduct, action or inaction of any City representative relating to the Agreement constitutes a waiver of sovereign immunity by City.
29. **Authority:** Contractor warrants and represents that Contractor has full power and authority to enter into and perform this Agreement and to make the grant of rights contained herein. The person signing on behalf of City represents that he/she has authority to sign this Agreement on behalf of City.
30. **Non-Waiver:** The Parties specifically agree that neither the occurrence of an event giving rise to a breach of contract claim nor the pendency of a claim constitute grounds for the suspension of performance by Contractor. No covenant or condition of this Agreement may be waived except by written consent of the waiving party. Forbearance or indulgence by one party in any regard

whatsoever shall not constitute a waiver of the covenant or condition to be performed by the other party.

31. **Prohibitions Pursuant to Texas Government Code:** By executing this Agreement Contractor verifies that Contractor (1) does not boycott Israel and will not during the term of this Agreement per Section 2274.002; (2) is not engaged in business with Iran, Sudan, or any company on the list referenced in Section 2252.152; (3) does not boycott energy companies and will not during the term of this Agreement per 2274.002; and (4) does not have a practice, policy, guidance, or directive of this Agreement against a firearm entity or firearm trade association and will not during the term of this Agreement per 2274.002.

City of League City
Request for Proposal 23-020
EMS Medical Supply Solutions

I. Introduction

The City of League City is soliciting proposals from interested and qualified firms to **EMS Medical Supply Solutions**. The City reserves the right to make a single award or multiple awards to accomplish all services outlined in this RFP.

A. Clarification and Interpretation of RFP

1. The words “must” or “will” or “shall” in this RFP indicate mandatory requirements. Taking exception to any mandatory requirement will be grounds for rejection of the proposal.
2. The City desires to avoid any misunderstanding where it is assumed that a feature is included in the proposal and turns out to be an optional, extra cost feature. As such, any question answered with an indication of compliance will be considered included at no additional cost. Any service that is referred to in the body of this response (does not pertain to attachments and brochures) will be considered included in the basic offer.

B. Purpose

The purpose of this RFP is to provide minimum requirements, solicit proposals, and gain adequate information from which the City may evaluate the proposer’s products and services as they compare to the other providers and as they pertain to the needs of the City’s organization as defined in this document.

C. Confidential or Proprietary Information

Throughout the process of evaluating proposals and negotiating a contract, all information contained in proposals shall be kept confidential. Upon Council award of contract or rejection of all proposals, contracting information, as defined by Texas Government Code 552 and in this document, shall be open for public inspection. This includes successful and unsuccessful proposals. Exceptions may be made if releasing the information would harm City interests by providing an advantage to a competitor or bidder in a future competitive situation, or if information requested contains trade secrets, or proprietary information.

Any information that the potential vendor or Proposer believes may be considered proprietary, confidential or a trade secret should be stamped with the term CONFIDENTIAL on that part of the proposal. All proposals and parts of proposals which are not marked as confidential will be automatically considered public information after the contract is awarded. If the vendor, contractor, potential vendor, or potential Proposer wishes to claim that information is proprietary, they must demonstrate based on specific factual evidence that disclosing the information would reveal an individual approach to work, organizational structure, staffing, internal operations, processes, or discounts, pricing methodology, cost data or other pricing information that will be used in future solicitation or bid documents; or give advantage to a competitor.

RFP 23-020
EMS Medical Supply Solutions

In the event that information contained in those sections marked confidential are included in an Open Records Request, the City will decline to release the information for the purpose of requesting an attorney general decision. The City will make a good faith effort to contact the vendor, so they may submit in writing to the attorney general the reasons why the information should be withheld or released. If the vendor cannot be contacted, the information may be released without further review. The process to be followed upon receipt of the request for information that potentially contains trade secrets, or proprietary or confidential information will be as follows:

1. City will make a good faith effort to notify the vendor in writing that the information has been requested within a reasonable time, but no more than ten (10) business days after receiving the request. This will include a copy of the written request for information, and a statement that the vendor is entitled to submit to the attorney general with ten (10) business days the reason(s) with the information should be withheld and a letter, memorandum, or brief in support of that reason.
2. The vendor who submits a letter, memorandum, or brief to the attorney general shall send a copy to the person who requested the information from the governmental body. If the letter, memorandum, or brief contacts the substance of the information requested, the copy sent may be a redacted copy.
3. The attorney general shall promptly render a decision when requested, consistent with the standards of due process, determining whether the requested information requested contains trade secrets, or confidential or propriety information as defined in Texas Government code 552. The decision shall be rendered no later than the 45th business day after the date the attorney general received the request for a decision.

Contracting Information – information in a voucher or contract relating to the receipt of expenditure of public funds; solicitations or bid documents; communications sent between the City and a vendor, contractor, potential vendor or potential Proposer during solicitation, evaluation, or negotiation of a contract; documents, including bid tabulations, showing the criteria by which a government body evaluates each vendor; and communications and other information sent between City and a vendor or Proposer related to the performance of a final contract with City or work performed on behalf of City.

Trade Secrets – all forms and types of information including business, scientific, technical, economic, or engineering information and any formula, design, prototype, pattern, plan, compilation, program device, program, code, device, method, technique process, procedure, financial data, or list of actual or potential customers or suppliers, whether tangible or intangible and whether or however stored, compiled, or memorialized physically, electronically, graphically, photographically, or in writing if the owner of the trade secret has taken reasonable measures under the circumstances to the information secret and the information derives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable through proper means by, another person who can obtain economic value from the disclosure of the information.

RE: Price Increase Policy

To Whom It May Concern:

As you are well aware, the COVID-19 pandemic has had a considerable impact on the global supply chain of emergency medical products, leading to limited access of personal protective equipment (“PPE”) and other crucial supplies for the EMS market. While the supply chain looks to be improving in some areas, Bound Tree is still experiencing extended lead times and product shortages on PPE and other critical supplies. Additionally, there have been significant shipping costs imposed by manufacturers. Despite the current market dynamics, Bound Tree has been working daily with our supplier partners to secure additional inventory at reasonable costs.

Even with our proactive efforts to source inventory, many our key supplier partners have increased prices and others have signaled additional price updates will be coming, some of which may be significant. In the event such a price increase occurs after the bid award, Bound Tree will notify you of such increase and will make all efforts to provide adequate documentation from the supplier as evidence of the price modifications. The new contract pricing will then go into effect based on the notification period provided in the contract. If the price increase is not accepted, Bound Tree reserves the right to remove the product(s) from the contract or provide an alternative product, which may come at a different price.

Sincerely,

Christopher Fyffe

VAWD Certified State and Nationally Licensed

Several of Bound Tree's Distribution Centers have received VAWD (Verified - Accredited Wholesale Distributors) accreditation from the National Association of Boards of Pharmacy (NABP). VAWD accreditation is achieved after a criteria compliance review that includes a rigorous evaluation of operating policies and procedures, licensure verification, survey of facility and operations, background checks and screening through the NABP Clearinghouse. Our accreditation demonstrates that we are in compliance with state and federal laws and that our prescription drugs are distributed safely and securely.

Compliant with DSCSA Requirements

Under the Drug Supply Chain Security Act (DSCSA), entities in the supply chain including manufacturers, wholesale distributors, and dispensers have responsibilities to meet the requirements of the DSCSA. As of May 1, 2015 all wholesalers are required by law, under the DSCSA, to provide transaction information, transaction history and transaction statements for the pharmaceuticals that they supply.

Bound Tree is compliant with these FDA standards which helps improve patient protection by preventing the distribution of substandard or ineffective drugs and while providing our customers with the product and transaction information they need to be in compliance with the FDA standards.

Under the DSCSA you are responsible for knowing that your prescription drug wholesale distributor is an authorized trading partner who holds a valid state or federal license. Bound Tree Medical is licensed federally and in all 50 states. Purchasing from a licensed and VAWD accredited distributor like Bound Tree Medical makes great strides to ensure none of your purchases will ever be counterfeit, contaminated, improperly stored and transported, ineffective, and/or unsafe.

Wholesaler Distributor licenses can be searched online:

Controlled Substance Ordering System (CSOS)

Class II Controlled Substances can be ordered through our secure electronic Controlled Substances Ordering System (CSOS) without the supporting paper DEA Form 222! The DEA's CSOS program is the only allowance for electronic ordering of Class II controlled substances. To participate in CSOS, the DEA registrant must first acquire a CSOS digital certificate from the DEA. Once the certificate is received, Class II orders can be placed through our secured website: e222.boundtree.com

**YOUR PARTNER
IN EMS.**

Current situation.

- **Financial challenges plague EMS** across all delivery models; rural EMS is in a crisis. Low reimbursements from CMS & commercial insurers, frequently below the cost of the care provided, and lack of funding to support EMS have been the primary contributing factors.
- **High levels of stress, fatigue and burnout** among the EMS workforce. Workforce shortages as reported in national news are exacerbating an already very challenging environment.
- **EMS is a small percentage** of the consumption of PPE within the healthcare market and was left under-allocated for PPE during the pandemic.
- **EMS impacted by shortages and short expiration dates** on critical cardiac arrest and respiratory therapy drugs. Pharmaceutical companies prioritize large hospital GPOs & IDNs over EMS
- **Inefficiencies in using the Strategic National Stockpile** to provide critical PPE to EMS agencies who were the “Tip of the Sword” during the pandemic
- **Community paramedicine** remains an underutilized asset in local healthcare systems due to the lack of reimbursement for this highly cost effective, patient-centered type of care

Advocating for EMS.

- **Increased sourcing efforts** during the pandemic, making financial investments in PPE inventory.
- **Partnered with US government** to address challenges in getting FDA-approved products, given significant counterfeit in N95 masks and gloves.
- **Volunteered to assist** FEMA, HHS, DHS, DoD, FDA and CDC officials as “Voice of EMS” for Committee for the Distribution of Medical Resources Necessary to Respond to a Pandemic, advocating for effective distribution of PPE to first responders.
- **Advocated for increased allocation and funding** for EMS and hardest-hit communities through outreach to over 35 congressional offices.
- **Providing critical data monthly** to HHS Preparedness and Response teams, providing them greater visibility of PPE needs for EMS during the COVID-19 pandemic, as well as future pandemics and natural disasters.
- **Working with the Federal Maritime Commission** and west coast terminal operators to prioritize essential medical supplies at US ports.

How Congress can help.

- **Adjust the ambulance fee schedule** to cover the cost of the emergent, urgent and preventive care provided by EMS, and include reimbursement for treatment in place, transport to alternate designations, telemedicine facilitation, and community paramedicine.
- **Support Bound Tree’s efforts** with pharmaceutical companies and the FDA to prioritize production of key lifesaving drugs for EMS at reasonable costs, as well as to reduce the amount of “short expiration dates.”
- **Fully fund the SIREN Act** (Support and Improving Rural EMS Needs) in FY2022.
- **Support efforts to strengthen** America’s Strategic National Stockpile by directing SNS to partner with healthcare distributors to manage PPE during pandemics and natural disasters.
