

STANDARD AGREEMENT

(version 1-7-2021)

This AGREEMENT (“Agreement”) is entered by and between **Core and Main LP** (“Contractor”), located at **7022 Easthaven Blvd., Houston, Texas 77017** and the **City of League City** (“City”), a home-rule municipality, located at 300 W. Walker St., League City, Texas 77573 on the date set forth below.

Terms:

1. **Scope of Services:** Contractor will perform the services and/or provide the products as set forth in **Exhibit A**, which is attached and incorporated herein, and which can be generally described as **Materials for Annual Line Repairs**. If there is a conflict between the terms of this Agreement and Exhibit A, the terms of this Agreement will prevail.
2. **Term and Termination:** This Agreement shall commence on **May 1, 2021** and shall expire on **April 30, 2024**. The period from commencement to expiration is the Contract Term. City reserves the right to terminate this Agreement for convenience upon seven (7) days written notice to Contractor. Upon such termination, City shall pay Contractor, at the rate set out in **Exhibit A**, for services satisfactorily performed or products satisfactorily provided up through the date of termination. Notwithstanding any provision in this Agreement to the contrary, City will not be required to pay or reimburse Contractor for any services performed or for expenses incurred by Contractor after the date of the termination notice that could have been avoided or mitigated by Contractor.
3. **Compensation:** Contractor shall be paid for the services/products as set forth in **Exhibit A**. In no event shall the total compensation exceed **\$544,869.36** during the term of this Agreement. City shall tender payment (including progress/partial payments) for services/goods only after such services are completed or goods are delivered and are deemed to be acceptable under this Agreement, in the sole reasonable discretion of City. Contractor must submit to City invoices for all goods delivered and services provided, which invoices must include details and dates of service or delivery. Payment by City shall be made within thirty (30) days of receipt of an invoice, except for any portion of the invoiced amount that City disapproves as not compliant under this Agreement, in the sole reasonable discretion of City. If City disapproves any amount submitted for payment by Contractor, City shall give Contractor specific reasons for disapproval in writing.
4. **Insurance:** Contractor is required during the Contract Term to maintain insurance as follows: (a) Comprehensive General Commercial Liability insurance covering bodily injury and property damage, with minimum coverage limits—exclusive of defense costs—of \$1,000,000 per occurrence and \$2,000,000 aggregate; (b) If Contractor will provide City “professional services,” as that term is used in Chapter 252 of the Texas Local Government Code, Professional Liability (errors and omissions/malpractice) insurance with minimum coverage limits—exclusive of defense costs—of \$2,000,000 per occurrence; and (c) If at any point during the Contract Term it is foreseeable that Contractor will enter upon City premises: (i) Worker’s Compensation coverage with statutory limits for the State of Texas, and (ii) Commercial Automobile Liability coverage with minimum coverage limits—exclusive of defense costs—of \$1,000,000 per occurrence and \$2,000,000 aggregate. All policies must contain a waiver of subrogation against City. Comprehensive General Liability and Commercial Automobile Liability policies must name the City as Additional Insured. Contractor shall pay all insurance deductibles and deductibles must not exceed \$10,000 unless approved in advance by City. Contractor shall provide City Certificates of Insurance evidencing these insurance requirements prior to the start of work.

5. **Liquidated Damages:** Contractor acknowledges that time is of the essence in performing this Agreement. City and Contractor (collectively, the “Parties”) agree that if Contractor is late in performing any obligation of this Agreement, City will suffer loss, damages, or other harm from Contractor’s delay. The Parties agree that the amount of loss, damages, or harm likely to be incurred is incapable or difficult to precisely estimate, and therefore Contractor agrees to pay City liquidated damages for delay at a daily rate equal to the total compensation allowed under the Agreement divided by the number of days in the Contract Term. The Parties further agree that: (i) the liquidated damages specified herein are not a penalty but rather bear a reasonable relationship to, and is not plainly or grossly disproportionate to, the probable loss likely to be incurred by City as a result of Contractor’s delay; (ii) one of the reasons for City and Contractor to agree to such amounts is the uncertainty and cost of litigation regarding the question of actual damages; and (iii) City and Contractor are sophisticated business parties and negotiated this Agreement at arm’s length.
6. **Independent Contractor:** Contractor is an independent contractor and is not an employee, partner, joint venture, or agent of City. Contractor understands and agrees that he/she will not be entitled to any benefits generally available to City employees. Contractor shall be responsible for all expenses necessary to carry out the services under this Agreement and shall not be reimbursed by City for such expenses except as otherwise provided in this Agreement.
7. **Intellectual Property:** This Agreement shall be an Agreement for services and the parties intend and consider any work created as a result of this Agreement, including any and all documentation, images, products or results, to be a work (the “Work”) for hire under federal copyright law. Ownership of the Work shall belong to and remain the exclusive property of City. The Work may be edited at any time within City’s discretion. If the Work would not be considered a work-for-hire under applicable law, Contractor hereby assigns, transfers, and conveys any and all rights, title and interest to City, including without limitation all copyrights, patents, rights of reproduction, rights to ownership, and right to secure registrations, renewals, reissues and extensions thereof. As the sole copyright holder of the Work, City maintains and asserts the rights to use, reproduce, make derivative works from, and/or edit the Work in any form of medium, expression or technology now known or hereafter developed, at any time within City’s discretion. Contractor shall not sell, disclose or obtain any other compensation for the services provided herein or the Work. If the Work is one to which the provisions of 17 U.S.C. § 106A apply, Contractor hereby waives and appoints City to assert on Contractor's behalf Contractor's moral rights or any equivalent rights regarding the form or extent of any alteration to the Work (including, without limitation, removal or destruction) or the making of any derivative works based on the Work, including, without limitation, photographs, drawings or other visual reproductions of the work, in any medium, for City’s purposes.
8. **Confidentiality:** During the course of the services to be provided under this Agreement, Contractor may become privy to confidential information of City. Contractor agrees to treat as confidential the information or knowledge that becomes known to Contractor during performance of this Agreement and to not use, copy, or disclose such information to any third party unless authorized in writing by City. This provision does not restrict the disclosure of any information that is required to be disclosed under applicable law. Contractor shall promptly notify City of any misuse or unauthorized disclosure of City’s confidential information and upon expiration of this Agreement shall return to City all confidential information in Contractor’s possession or control. Contractor shall further comply with all information security policies of City that may apply and shall not make any press releases, public statements or advertisement referring to the services provided under this Agreement or the engagement of Contractor without the prior written approval of City.
9. **Warranties and Representations:** Contractor warrants and agrees that Contractor shall perform its services and conduct all operations in conformity with all applicable federal, state, and local laws, rules, regulations, and ordinances. For any service performed on premises owned or controlled by City, Contractor warrants and agrees that Contractor will perform said services in compliance with all City rules, including but not limited to, prohibitions related to tobacco use, alcohol, and other drugs.

10. **Licenses/Certifications:** Contractor represents and warrants that it will obtain and maintain in effect, and pay the cost of, all licenses, permits or certifications that may be necessary for Contractor's performance of this Agreement. If Contractor is a business entity, Contractor warrants, represents, covenants, and agrees that it is duly organized, validly existing and in good standing under the laws of the state of its formation; and is duly authorized and in good standing to conduct business in the State of Texas, that it has all necessary power and has received all necessary approvals to execute and deliver the Agreement and is authorized to execute this Agreement according to its terms on behalf of Contractor.
11. **Performance/Qualifications:** Contractor agrees and represents that Contractor has the personnel, experience, and knowledge necessary to qualify Contractor for the particular duties to be performed under this Agreement. Contractor warrants that all services performed under this Agreement shall be performed consistent with generally prevailing professional or industry standards.
12. **Conflict of Interest:** Contractor warrants, represents, and agrees that Contractor presently has no interest and shall not acquire any interest, direct or indirect, that would conflict in any manner or degree with Contractor's performance of the services hereunder. Contractor further warrants and affirms that no relationship or affiliation exists between Contractor and City that could be construed as a conflict of interest with regard to this Agreement.
13. **INDEMNIFICATION: CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS CITY, AND EACH OF ITS OFFICIALS, OFFICERS, AGENTS AND EMPLOYEES FROM AND AGAINST ALL CLAIMS, ACTIONS, SUITS, DEMANDS, PROCEEDINGS, COSTS, DAMAGES AND LIABILITIES, INCLUDING WITHOUT LIMITATION ATTORNEYS' FEES AND REASONABLE LITIGATION COSTS, ARISING OUT OF, CONNECTED WITH, OR RESULTING FROM ANY ACTS OR OMISSIONS OF CONTRACTOR OR ANY AGENT, EMPLOYEE, SUBCONTRACTOR, OR SUPPLIER OF CONTRACTOR IN THE EXECUTION OR PERFORMANCE OF THIS CONTRACT, TO THE EXTENT THE CLAIM ARISES FROM NEGLIGENCE, WILLFUL ACT, BREACH OF CONTRACT OR VIOLATION OF LAW.**
14. **Force Majeure:** Neither City nor Contractor shall be liable for any delay in the performance of this Agreement, nor for any other breach, nor for any loss or damage arising solely from uncontrollable forces such as fire, theft, storm, war, or any other force majeure that could not have been reasonably avoided by the exercise of due diligence.
15. **Notices:** Any notice given under this Agreement by either party to the other may be affected either by personal delivery in writing or by mail, registered or certified postage prepaid with return receipt requested. Mailed notices shall be addressed to the addresses of the Parties as they appear in the contract. Notices delivered personally shall be deemed communicated at the time of actual receipt. Mailed notices shall be deemed communicated three (3) days after mailing.
16. **Texas Family Code Child Support Certification:** Pursuant to Section 231.006 of the Texas Family Code, Contractor certifies that it is not ineligible to receive the award of or payments under the Agreement and acknowledges that the Agreement may be terminated, and payment may be withheld if this certification is inaccurate.

17. **State and/or City Auditor:** Contractor understands that acceptance of funds under the Agreement constitutes acceptance of the authority of the Texas State Auditor's Office, or any successor agency or the City's internal auditor (collectively, the "Auditor"), to conduct an audit or investigation in connection with those funds. Contractor agrees to cooperate with the Auditor in the conduct of the audit or investigation, including without limitation providing all records requested. Contractor will include this provision in all contracts with permitted subcontractors.
18. **Jurisdiction:** Any disputes under this Agreement shall be brought in a court of competent jurisdiction in Galveston, Texas and governed by Texas law.
19. **Alternative Dispute Resolution:** To the extent that Chapter 2260, Texas Government Code, is applicable to this Contract and is not preempted by other applicable law, the dispute resolution process provided for in Chapter 2260 and the related rules adopted by the Texas Attorney General Pursuant to Chapter 2260, shall be used by City and Contractor to attempt to resolve any claim for breach of contract made by Contractor that cannot be resolved in the ordinary course of business. The Director of Finance of City shall examine Contractor's claim and any counterclaim and negotiate with Contractor in an effort to resolve such claims. This provision shall not be construed as a waiver by City of its right to seek redress in the courts.
20. **Entire Agreement:** This Agreement contains the entire understanding between the Parties and supersedes all prior agreements, arrangements, and understanding, oral or written between the Parties relating to this Agreement. This Agreement may not be modified except by mutual written agreement of the Parties executed subsequent to this Agreement.
21. **Eligibility to Receive Payment:** Contractor certifies that, as a matter of state law, it is not ineligible to receive the Agreement and payments pursuant to the Agreement and acknowledges that the Agreement may be terminated, and payment withheld if this representation is inaccurate.
22. **Payment of Debt/Delinquency to State:** Contractor certifies that it is not indebted to the City of League City and is current on all taxes owed to the City of League City. Contractor agrees that any payments owing to Contractor under the Agreement may be applied directly toward any debt or delinquency that Contractor owes the City of League City regardless of when it arises, until such debt or delinquency is paid in full.
23. **Products and Materials Produced in Texas:** If Contractor will provide services under the Agreement, Contractor covenants and agrees that in performing its duties and obligations under the Agreement, it will purchase products and materials produced in Texas when such products and materials are available at a price and delivery time comparable to products and materials produced outside of Texas.
24. **Risk of Loss:** If applicable, all work performed by Contractor pursuant to the Agreement will be at Contractor's exclusive risk until final and complete acceptance of the work by City. In the case of any loss or damage to the work prior to City's acceptance, bearing such loss or damage will be Contractor's responsibility.
25. **Publicity:** Contractor shall not use City's name, logo or likeness in any press release, marketing materials or other public announcement without receiving City's prior written approval.
26. **Legal Construction/Severability:** In the event that any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision, and this Agreement shall be construed as if such invalid, illegal or unenforceable provisions had never been contained in it. To this end, the provisions of this Agreement are declared to be severable. The Parties may mutually agree to renegotiate the Agreement to cure such illegality/invalidity or unconstitutionality if such may be reasonably accomplished.

27. **Limitations:** The Parties are aware that there are constitutional and statutory limitations on the authority of City to enter into certain terms and conditions of the Agreement, including, but not limited to, those terms and conditions relating to liens on City's property; disclaimers and limitations of warranties; disclaimers and limitations of liability for damages; waivers, disclaimers and limitations of legal rights, remedies, requirements and processes; limitations of periods to bring legal action; granting control of litigation or settlement to another party; liability for acts or omissions of third parties; payment of attorneys' fees; dispute resolution; indemnities; and confidentiality (collectively, the "Limitations"). Any terms and conditions related to the Limitations will not be binding on City except to the extent authorized by the laws and Constitution of the State of Texas.
28. **Sovereign Immunity:** The Parties agree that neither the execution of the Agreement by City nor any other conduct, action or inaction of any City representative relating to the Agreement constitutes a waiver of sovereign immunity by City.
29. **Authority:** Contractor warrants and represents that Contractor has full power and authority to enter into and perform this Agreement and to make the grant of rights contained herein. The person signing on behalf of City represents that he/she has authority to sign this Agreement on behalf of City.
30. **Non-Waiver:** The Parties specifically agree that neither the occurrence of an event giving rise to a breach of contract claim nor the pendency of a claim constitute grounds for the suspension of performance by Contractor. No covenant or condition of this Agreement may be waived except by written consent of the waiving party. Forbearance or indulgence by one party in any regard whatsoever shall not constitute a waiver of the covenant or condition to be performed by the other party.
31. **Prohibition on Boycotting Israel:** Pursuant to Section 2270.002 of the Texas Government Code, by executing this Agreement Contractor verifies that Contractor: (1) does not boycott Israel; and (2) will not boycott Israel during the term of this Agreement.
32. **Prohibition Against Business with Iran, Sudan or Foreign Terrorists Organizations:** Contractor warrants, covenants, and represents that Contractor is not engaged in business with Iran, Sudan, or any company identified on the list referenced in Section 2252.152 of the Texas Government Code.

EXCEPTIONS TO BIDDER'S PROPOSAL
Submitted to the City of League City, Texas
Invitation to Bid
ITB #21-029
Materials for Annual Line Repairs

Notwithstanding anything contained in any bid or contract documents to the contrary, Core & Main LP (hereinafter "Core & Main" or "Seller") hereby takes exception to the captioned Invitation to Bid as follows. The bid of Core & Main and acceptance by Core & Main of any subsequent agreement is made expressly conditioned upon assent by the City of League City, Texas (the "City"), to the following additional or different terms, which shall supersede and control over the terms of any request for bid or request for proposal, any contract documents and specifications, and any prior addenda thereto:

1. Insurance: Notwithstanding anything contained in any bid documents or contract documents to the contrary, by acceptance of Core & Main's bid or proposal, the City accepts Core & Main's certificate of insurance in full compliance with all insurance requirements, including but not limited to notice provisions, coverage, language, policy limits, policy forms, self-insured retention and deductible amounts.
2. Warranty: The extent of the warranty to be provided by Core & Main is set out in the attached Core & Main LP Warranty.
3. Availability: Core & Main will use commercially reasonable efforts to deliver materials ordered within the time specified in the bid documents or the Agreement. Core & Main reserves the right to extend those delivery times based on manufacturer lead times as impacted events beyond the control of Core & Main including but not limited to the current pandemic, global shipping delays and resin shortage. Availability of materials is not guaranteed.
4. Delivery: Approximate lead times are included in the bid of Core & Main and are subject to change based on manufacturer lead times at the time of order. Notwithstanding anything contained herein to the contrary, Seller shall not be liable for damages or delay arising out of force majeure or circumstances beyond Seller's control, including but not limited to epidemic or pandemic, shortage of resin, and delays being experienced in the shipping/freight industry at the time of submission of this bid.
5. Termination: In the event the City terminates the contract on 30 days' prior notice, the City agrees to pay for any materials ordered prior to the date of termination at the contract price.

Dated this 28th day of April, 2021.

CORE & MAIN LP

Kimberley Ridgway

Core & Main LP Warranty

Core & Main LP ("Seller") is a reseller of goods only, and as such does not provide any warranty for the goods it supplies hereunder. Notwithstanding this As-Is limitation, Seller shall pass through to the Buyer any transferable manufacturer's standard warranties with respect to goods purchased hereunder. BUYER AND PERSONS CLAIMING THROUGH BUYER SHALL SEEK RECOURSE EXCLUSIVELY FROM MANUFACTURERS IN CONNECTION WITH ANY DEFECTS IN OR FAILURES OF GOODS, AND THIS SHALL BE THE EXCLUSIVE RECOURSE OF BUYER AND PERSONS CLAIMING THROUGH BUYER FOR DEFECTIVE GOODS, WHETHER THE CLAIM OF BUYER OR THE PERSON CLAIMING THROUGH BUYER SHALL SOUND IN CONTRACT, TORT, STRICT LIABILITY, PURSUANT TO STATUTE, OR FOR NEGLIGENCE. BUYER SHALL PASS THESE TERMS TO SUBSEQUENT BUYERS AND USERS OF GOODS. SELLER EXCLUDES AND DISCLAIMS ALL OTHER EXPRESS AND IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. SELLER ASSUMES NO RESPONSIBILITY WHATSOEVER FOR SELLER'S INTERPRETATION OF PLANS OR SPECIFICATIONS PROVIDED BY BUYER, AND BUYER'S ACCEPTANCE AND USE OF GOODS SUPPLIED HEREUNDER SHALL BE PREMISED ON FINAL APPROVAL BY BUYER OR BY BUYER'S RELIANCE ON ARCHITECTS, ENGINEERS, OR OTHER THIRD PARTIES RATHER THAN ON SELLER'S INTERPRETATION. TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW, IN NO EVENT, WHETHER IN CONTRACT, WARRANTY, INDEMNITY, TORT (INCLUDING, BUT NOT LIMITED TO, NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, ARISING DIRECTLY OR INDIRECTLY OUT OF THE PERFORMANCE OR BREACH OF THIS AGREEMENT, SHALL SELLER BE LIABLE FOR (a) ANY INCIDENTAL, INDIRECT, PUNITIVE, SPECIAL, CONSEQUENTIAL OR SIMILAR DAMAGES SUCH AS LOSS OF USE, LOST PROFITS, ATTORNEYS' FEES OR DELAY DAMAGES, EVEN IF SUCH DAMAGES WERE FORESEEABLE OR CAUSED BY SELLER'S BREACH OF THIS AGREEMENT, (b) ANY CLAIM THAT PROPERLY IS A CLAIM AGAINST THE MANUFACTURER, OR (c) ANY AMOUNT EXCEEDING THE AMOUNT PAID TO SELLER FOR GOODS FURNISHED TO BUYER WHICH ARE THE SUBJECT OF SUCH CLAIM(S). ALL CLAIMS MUST BE BROUGHT WITHIN ONE YEAR OF ACCRUAL OF A CAUSE OF ACTION.

Notwithstanding anything contained in any bid or contract documents to the contrary, title and risk of loss for all materials will pass to Buyer upon delivery.

III. SCOPE OF WORK

A. INTRODUCTION

The City of League City (COLC) seeks competitive bids for Materials for Annual Line Repairs. The purpose of these specifications is to describe the minimum requirements of the City of League City for the Materials for Annual Repairs contract. The quantities and materials in the Invitation to Bid are estimates based on previous usage. These estimates are for acquainting the bidder with probable quantities and materials to be expected during the contract period. These estimates are not intended to set forth minimum or maximum quantities or types of materials of the contract and shall not be construed as such. The contract is intended for routine and continuous usage. All parts must be new and unused. Any governmental entity that has an Inter-local Agreement with the COLC shall be

allowed to utilize this contract if there is a mutual agreement between the entity and the bidder. Any usage by any entity from this contract shall be between successful supplier and the individual entity and shall not affect the award of this bid.

B. TERM OF CONTRACT

Contract term is three (3) years with the option to renew for two (2) additional one (1) year periods with no more than a 3%-unit price escalation per year

C. REQUIREMENTS

Any variance in any item must be specified clearly under the Exception to Bidders Proposal by Bidder in order to have a valid bid. Any exceptions taken may be just cause for disqualification. All unit pricing shall be specified on the attached pricing sheet.

D. WATER SYSTEM MATERIALS

1. Water Pipe

- a) All pipe shall be made from PVC components or polyethylene as defined and described in ASTM D-1784 and AWWA C900-81.
- b) Class (150) C-900 pipe is required for six-inch (6") through twelve-inch (12") diameter pipe and schedule 40 pipe are required for one-half inch (1/2") through four-inch (4") pipe.
- c) All pipe shall be in twenty-foot (20') sections.

2. Fire Hydrants

- a) Manufacturers shall be AFC (American Darling) B-84-B5 AWWA C-502 or Mueller A-423 Super Centurian 200 AWWA C-502
 - 1) The two brands listed are in compliance with The City's construction standards and specifications
- b) Dry-Barrel Fire Hydrant
 - 1) Meet or exceed the latest revisions of AWWA C502 and shall meet or exceed the requirements of this specification.
 - 2) All Dry-Barrel Fire Hydrant components in contact with potable water shall conform to the requirements of NSF 61
 - 3) Be rated working pressure of 250 psi or greater
- c) Operating Nut
 - 1) Non-rising, pentagonal shape nut measuring 1-1/2" from point of opposite flat and 1-1/4" depth for pentagon.
 - 2) Open by turning the operating nut to the left (counterclockwise). Provide operating direction clearly marked with an embossed arrow and provide a weather cap which conceals the hold down nut.
- d) Main Valve

- 1) Composition shall be a minimum 5-1/4" in diameter not less than 1" thick and rubber or neoprene.
- 2) Durometer hardness of 90 + 5 Compression type, opening against pressure and closing with pressure.
- e) Nozzles
 - 1) Be 3-way arrangement
 - 2) Thread counterclockwise into barrel with "O" ring pressure seals.
- f) Hose Nozzle Size:
 - 1) Two 2-1/2" hose nozzles
 - 2) 180 degrees apart
 - 3) Right hand National Standard Thread.
- g) Pump Nozzle Size
 - 1) 5" Storz quick connection pumper nozzle
 - 2) Connection shall have matching cap with cable tether and be free of louvers
- h) Hydrant Barrel Configuration
 - 1) Upper barrel shall be fabricated of cast iron.
 - 2) Have a breakable swivel flange to join the upper and lower barrels approximately 2" above the final grade line.
 - 3) Have a minimum of eight bolts.
 - 4) Provide 360-degree rotation of upper barrel.
- i) Pressure Seal shall
 - 1) Be cloth impregnated rubber gasket.
 - 2) An "O" ring is not acceptable.
- j) Breakable Stem
 - 1) Shall join the two-piece stem adjacent to the ground-line flange.
 - 2) Screws, pins, fasteners, or bolts used in the coupling shall be stainless steel.
 - 3) The weakened portion of stem coupling shall be below the coupling pins.
- k) Lower Barrel
 - 1) Be fabricated of cast iron.
 - 2) The ground line shall not be less than eighteen inches below the centerline of the lowest nozzle and the ground line shall be clearly embossed on the lower barrel.
- l) Lubrication Reservoir
 - 1) Be filled with a viscous, non-toxic lubricant and shall be sealed at the top and bottom with "O" rings.
 - 2) The bearing surfaces and threaded parts are automatically lubricated when hydrant is operated. No less than two "O" rings separating the waterway from the oil reservoir and that portion of the stem making this seal shall be sleeved with bronze. An

- anti-friction washer shall be in place above the thrust collar to minimize operation torque.
- m) Bonnet shall be attached to the upper barrel by not less than eight bolts utilizing a cloth impregnated rubber gasket as a pressure seal.
 - n) Drain Valve shall operate without springs, tubes, levers, toggles, or other intricate mechanism.
 - o) Shoe Connection
 - 1) Be a 6" approved mechanically restrained joint.
 - 2) Have ample blocking pads for sturdy setting and concrete blocking.
 - 3) A minimum of 6 bolts is required to fasten the shoe to the lower barrel.
 - 4) Interior, lower valve plate, and cap nut shall have a protective epoxy coating of at least 4 mils.
 - 5) If cap nut is utilized, it must be locked in place with a stainless steel lock washer or similar non-corrosive device.
3. Fittings
- a) All fittings shall comply with ANSI/AWWA C153/A21.53 for MJ fitting, ANSI/AWWA C110/A21.10 and C115/2A21.15 for flanged fittings and ASTM D3034 for PVC products.
 - b) All brass products must meet AWWA C800-89 or ASTM B-62 standards.
4. Service Saddles
- a) Service saddles will be single bad, epoxy coated (12 mils) with stainless steel band and bolts.
 - b) Body will be high strength ductile iron per ASTM A536.
 - c) Threads should be CC per AWWA C800 or standard female iron pipe or BSP.
 - d) Band will be two inch (2") minimum width.
 - e) Bolts will be 5/8" NC threaded bolts of 18-8-gauge stainless steel.
 - f) Welds shall be corrosion resistant.
 - g) Gasket to be Buna-N rubber per ASTM D2000.
 - h) Nuts and washers should be 18-8 type 304 stainless steel with fluorocarbon coating (Ford FC101 or equal).
5. Full Circle Clamps
- a) The repair clamp is to have stainless steel single bands type 304 for corrosion resistance, flexibility, and strength.
 - b) Lugs are to be ultra-high strength ductile iron (ASTM A-536), with mutually supporting sliding fingers and band locks.

- c) These clamps will be used with DI, CI, or PVC piping. FORDFS1 with grade 30 gasket for A/C pipe or equivalent.

6. Gate Valves

- a) Be resilient seat and meet or exceed AWWA C515.
 - 1) All valve components in contact with potable water shall conform to the requirements of NSF 61 and NSF 372 Materials.
- b) Valve Body shall be ductile iron per ASTM A536
- c) Bonnet and Bonnet Covers shall be ductile iron per ASTM A536
- d) Flanged Ends: Furnish in accordance with ASME B16.1, Class 125, and AWWA/ANSI C110
- e) Mechanical Joints: Furnish with outlets which conform to AWWA/ANSI C111/A21.11.
- f) Valve Interior and Exterior Surfaces
 - 1) Fusion bonded epoxy coated, 8 mils nominal, meeting AWWA C550 requirements.
 - 2) All parts to be epoxy coated must be shot blasted just prior to application of epoxy.
 - 3) Where not otherwise noted all valves shall be mechanical joint with gasket and mega-lug type restraint to match the pipe material.
- g) Stem
 - 1) Shall be non-rising stem made of cast, forged, or rolled bronze shown in AWWA C515
 - 2) Three stem seals minimum shall be provided and shall be of the "O" ring type.
 - i. "O" Ring shall be one above and one below the thrust collar.
 - ii. Upper "O" Rings must be protected from contact with ground water by an external stem seal. This seal shall also be capable of sealing against internal or external pressure equal to the valve's rated working pressure.
 - 3) The Stem Nut, also made of bronze, must be independent of the gate to protect against stem binding.
 - 4) Valve shall be designed such that no metal fasteners or screw other than the stem and stem nut are exposed to water.
- h) Sealing Mechanism
 - 1) Shall consist of a cast iron gate, having vulcanized synthetic rubber coating.
 - 2) Resilient-Sealing Mechanism shall provide zero leakage at the water working pressure when installed with the line flow in either direction.
- i) Valve Gate

- 1) Have no metal seams or edges on the water way when in the fully closed position.
- 2) Be designed that no sliding or rubber on the seating surfaces is required to compress the rubber and be designed such that compression-set of the rubber shall not affect the ability of the valve to seal when pressure is applied to either side of the gate.
- j) Seating Mechanism shall have no metal to metal stops.
- k) Gate Valve Bolts and Nuts
 Bonnet, Stuffing Box and Gear Box - Hex head bolt, and hex nut: Steel ASTM A307 Gr. B, Zinc Plate per ASTM B633, SC3 for non-buried service (4-inch through 12-inch valves).
- l) Hex Head Bolt and Hex Nut: AISI 304 stainless steel for buried service (all sizes) and for valves 16-inch through 36-inch (non-buried service)
- m) Bolts and Nuts
 - 1) Bonnet bolts shall be stainless steel.
 - 2) Flanged ends shall meet requirements of AWWA C110, ASME B16.1. Class 125 or AWWA C207.
- n) Joints
 - 1) Flanged joints shall be in accordance with AWWA/ANSI 110, ASME B16.1, Class 125.
 - 2) Flange bolt circles and bolt holes shall match those of ASME B16.1, Class 125.
- o) Operating Nuts
 - 1) Supply for buried service valves, .1-15/16-inch square at the top, 2-inch at the base, and 1-3/4-inch high.
 - 2) Cast an arrow showing the direction of opening with the word "OPEN" on the operating nut base. To open, the operating nut shall be turned to the LEFT (COUNTERCLOCKWISE) direction. Paint nut black per AWWA specifications.

E. WASTEWATER MATERIALS

1. Sewer Pipe
 - a) All pipe shall be made from PVC components as defined and described in ASTM D-1784 for rigid poly (vinyl chloride) compounds and chlorinated poly (vinyl chloride) compounds.
 - b) Schedule 40, 35 and SDR 26 is required.
 - c) The fluid tight integral bell gasket shall be the only gasket bid.
2. Fiberglass Manholes
 - a) Fiberglass manholes shall be manufactured with a standard 48" inside diameter for the barrel portion.
 - b) The top shall be hemispherical-shaped reducer with a 22 1/2" inside diameter man way. Lengths shall be as specified herein.

- c) Fiberglass manholes shall be of one-piece construction as manufactured by Owens/Corning or equivalent.
3. Manhole Rings and Covers
 - a) Manhole rings and covers should be imprinted with the "City of League City" oak tree symbol and "Sanitary Sewer" embossed on the covers.
 - b) Covers should have no vent holes.
 - c) Rings and covers are to be cast iron moldings. They must be manufactured in the United States of America.
 - d) Vulcan Part #V-1418-2N, Western Iron Works WM-18 or equivalent.
 4. In Flow Protectors
 - a) The manhole inflow protector and its associated valve body and components shall be manufactured from corrosion proof material suitable for atmospheres containing hydrogen Sulphide and diluted sulfuric acid, as well as other gases associated with wastewater collection systems. White plastic with handle.
 - b) The cover body shall be made from an acetate, butyrate, styrene material that meets the federal standards of L.P. 1183 and can pass the following ASTM test requirements: D256; D638; D790, D784; D648.
 - c) The thickness shall not be less than 3/32" nor greater than 3/16".
 - d) The gasket shall be made of closed cell neoprene. The gasket shall have a pressure sensitive adhesive on one side and be placed under the cover rim by the manufacturer. The adhesive shall be compatible with the cover material so as to form a long-lasting bond in either wet or dry conditions of use.
 - e) The gas relief valve shall be designed to relieve at a pressure of one (1) pound. The valve body shall be made of medium density polyethylene. The venting tube shall be capable of sealing on dirt and small debris. The valve shall have a leak down rate not exceeding ten (10) gallons in twenty-four (24) hours to eliminate the standing pond of water over the manhole cover after a rainstorm.
 5. Manhole Rehab Sealants
 - a) A ready-mixed hand or trowel-applied base sewer joint compound designed to prevent infiltration between manhole frames and cone sections.
 - b) A two-component acrylic polymer modified hydraulic coating which is supplied in ready mix kits. When applied to concrete or masonry, a waterproof surface is produced which is self-curing with exceptional adhesion, resilience, flexibility, toughness, and durability.

**F. NO LEAD BRASS**

1. As required in the Federal Governments "Reduction of Lead in Drinking Water Act" all brass valves, fittings, and meter components contained in this bid shall comply with the U.S. Drinking Water Act and the U.S. Environmental Protection Agency requirements.
2. All fittings and valves shall be manufactured in accordance with the latest revision of AWWA Standard C-800 and as further specified below.
3. All products supplied, in this bid, whose wetted surfaces come into contact with potable (drinking) water shall contain no greater than a weighted average of 0.25 percent lead when used with respect to the wetted surfaces of pipes, pipe fittings, plumbing fittings, and fixtures. These products are considered to be classified as No-Lead, Low Lead, Lead Free, Federalloy and Envirobrass
4. All brass fittings and valves shall have the manufacturers name and an identifying mark signifying the fitting or valve to be constructed of a "No-Lead" brass alloy.
Any brass part of the fitting or valve not in contact with potable water shall be made of 85-5-5-5 brass alloy.
5. All brass valves and fittings shall be certified by an ANSI accredited test lab per ANSI/NSF Standard 61, Drinking Water Components - Health Effects, Section 8, The lead content of the wetted components in contact with potable water shall also be verified by an ANSI accredited test lab. If requested an affidavit certifying compliance with the above standards shall be signed and submitted by the manufacturing firm's Quality Assurance or Engineering Manager.
6. Material certifications to be furnished upon request.

G. ORDERING DATA

The City of League City shall order all items on an "as needed basis". Bidder shall specify on attached sheets any minimum order requirements for price bid. If no minimums are declared, no minimums will be allowed. Minimums may affect the evaluation of the bid.

H. WARRANTY

Bidder shall provide warranty or guarantee offered for product: if available.

I. ACCEPTANCE AND NONCONFORMING STANDARDS

All deliveries shall be accepted subject to inspection, count, and/or testing. A waiver on one occasion does not constitute a waiver on future occasions.
