

National Public Works Week
May 17-23, 2020

Whereas, public works services provided in our community are an integral part of our citizens' everyday lives; and

Whereas, Homeland Security Presidential Directive/HSPD-8 formally designated public works employees as First Responders; and

Whereas, the support of an understanding and informed citizenry is vital to the efficient operation of public works systems and programs such as water & wastewater operations, streets/stormwater/traffic operations, utility line repair operations, and fleet & heavy equipment maintenance operations; and

Whereas, the health, safety and comfort of this community greatly depends on these facilities and services; and

Whereas, the quality and effectiveness of these facilities as well as their planning, design and construction is dependent upon the efforts and skills of public works officials; and

Whereas, the efficiency of the qualified and dedicated personnel who staff public works departments is materially influenced by the people's attitude and understanding of the importance of the work they perform,

Now, therefore, I, Mayor Pat Hallisey do hereby proclaim the week of May 17-23, 2020 as

NATIONAL PUBLIC WORKS WEEK

In the City of League City, and I call upon all citizens and civic organizations to acquaint themselves with the issues that are involved in providing our public works and to recognize the contributions which public works officials make every day to our health, safety, comfort and quality of life.
