

## Zoning Change MAP-26-0001 (1900 Block Wyoming Avenue)

<b>Request</b>	Rezone approximately 1.79 acres from “RSF-5” (Residential Single Family 5) to “CG” (General Commercial) in the 1900 block of Wyoming Avenue.
<b>Applicant/ Owner</b>	Bob Parks of South AYS, LLC.
<b>City Council</b>	Public Hearing & First Reading – <i>April 14, 2026</i> ; <i>Second Reading – April 28, 2026</i>
<b>Location</b>	Generally located along the west side of Wyoming Avenue and four blocks south of Farm to Market Road 646 (FM 646).
<b>Citizen Response</b>	6 – Notices Mailed to Property Owners within 200 feet 0 – Communications of Support Received 0 – Communications of Opposition Received
<b>Attachments</b>	1. Zoning Map 2. Aerial Map 3. 2035 Comprehensive Plan Future Land Use Plan 4. Property Survey 5. Applicant Letter 6. Neighborhood Meeting Documents 7. List of Land Uses for the “CG” zoning district

The Commission should consider the following findings in its deliberation, which shall be utilized to substantiate its decision. To determine the extent to which the proposed zonings would be compatible with surrounding properties, the surrounding land uses and the performance impacts should be considered.

**Background**

**August 10, 1999** – The property was initially zoned as “IH” Heavy Industrial.  
**August 30, 2005** – The property was rezoned to “RSF-5” (Residential Single-Family 5) as part of the City’s Zoning Map and Ordinance revisions of 2005.  
**December 29, 2025** – The applicant held a neighborhood meeting in League City. The sign-in sheet indicates that no neighbors attended the meeting.  
**February 3, 2026** – The applicant submitted a rezoning request to the Planning Department.  
**February 19, 2026** - Public hearing notices were mailed to the surrounding property owners.  
**February 20, 2026** – A public hearing sign was posted on the property and published on the city’s website.  
**February 22, 2026** – Notice was published in the newspaper.  
**March 12, 2026** - Planning & Zoning Commission is scheduled to conduct a public hearing and make a recommendation to City Council.  
**April 14, 2026** – City Council is scheduled to conduct a public hearing and consider the request on first reading.  
**April 28, 2026** – If approved on first reading, City Council will consider the second reading of the request.

**Proposal**

The request is made to rezone 1.79 acres of land from “RSF-5” (Residential Single Family 5) to “CG” (General Commercial) with the intention of using the property as a storage yard for large equipment.

The subject property is owned by South AYS which also owns the neighboring property to the southeast outside city limits (League City ETJ). South AYS operates a storage business for

boats that is compatible with the type of storage proposed for the subject property. Keen Transport is currently leasing the subject property and the neighboring property outside city limits to store their additional equipment.

In addition to their business growth, Keen Transport is currently having property acquired by TxDOT for the future widening of Farm to Market Road 646. The effects of TxDOT's expansion are requiring significant changes on the FM 646 site.

**Neighborhood Meeting**

A neighborhood meeting was held by the Applicant on December 29, 2025. The sign-in sheet shows that there were no attendees.

**Site and Surrounding Area**

The parcel is a cleared piece of property that sits next to a storage / yard and marina located outside city limits owned by South AYS.

Direction	Surrounding Zoning	Surrounding Land Use
North	“RSF-5”	Boat storage
South	Outside city limit	Equipment and boat storage and marina
East	“IL”	Landfill
West	“RSF-5”	Undeveloped

**Nonconformances**

Based on the request, approval of the proposed zoning district would not create any nonconformances with respect to the property.

**Zoning Analysis**

The Wyoming Avenue corridor has a mix of commercial, industrial and agricultural uses from Farm to Market Road 646 to the end of the road outside city limits. The rezoning to CG is compatible with the mix of existing uses along Wyoming Avenue.

The intent of the “CG” zoning district provides areas for large-scale pedestrian and auto-oriented commercial development. The CG zoning district allows for a large variety of commercial uses by right.

The proposed rezoning will bring the existing use of the subject property into conformance with the UDC and be compatible with the existing use on the neighboring property outside of the city limits.

**Conformity with Comprehensive Plan**

The subject property is identified on the Future Land Use Plan as “Enhanced Auto Dominate Commercial” (EADC). All of the surrounding properties within the city limits are also shown as EADC. The proposed CG zoning conforms with the Future Land Use Plan.

**Access and Traffic Impacts**

Direct access to the properties is provided via Wyoming Avenue from FM 646.

**Wyoming Avenue**

	Existing Conditions	Proposed Conditions
<i>Roadway Type</i>	Collector	Collector
<i>ROW Width</i>	70 Feet	70 Feet
<i>Pavement Width and Type</i>	2-lane, undivided, 25-foot-wide travel lanes with open drainage.	2-lane, undivided, 24-foot-wide travel lanes with concrete curb and gutter.

**Utilities**

City water and sewer services are not available to the property.

- Floodplain** The northern portion of the property is located within the X Flood zone (0.2 percent annual chance flood hazard area). The remaining half is not designated.
- Criteria in Support of Recommendation** Based upon the information provided, staff has determined that the proposed zoning request:
- Is consistent with the Comprehensive Plan’s Future Land Use Plan.
  - Is consistent with the existing adjacent land uses along the Wyoming Avenue corridor.
  - Would not create any non-conformances.
- Recommendation** Based on the criteria listed above, staff recommends approval of this rezone request.

For additional information, you may contact Vince Husted, Senior Planner at 281-554-1079 or at [vince.husted@leaguecitytx.gov](mailto:vince.husted@leaguecitytx.gov)

## NATURE OF REZONING REQUEST

- South AYS LLC owns the commercial property immediately to the south of Block 252. The League City boundary line follows the southern side of Block 252.
- South AYS LLC has previously leased Blocks 220, 221, 250, and the adjoining undeveloped road right of ways to Keen Transportation beginning in March 2014. The leased property is used for a heavy off-road equipment lay-down yard.
- Keen Transportation is losing some property at their yard which is located off of FM 646 in League City due to Highway 99 construction.
- To compensate for the property loss, and to prevent Keen Transportation's operation interference, an agreement was reached between Keen Transportation and South AYS LLC to lease Block 252.
- The agreement which was made required surface stabilization with crushed concrete that would create a pervious surface suitable to stage both rubber tire and track equipment for transport.
- The agreement required fencing the property with a chain link fence.
- A landscaped berm has been established yielding a 20' set back from North Wyoming and from the pipeline to protect the high-pressure gasoline pipeline running along the west shoulder of North Wyoming Avenue.
- The existing drainage areas on the unimproved road right of ways formed by Kentucky Avenue (to the west side) and 19<sup>th</sup> Street (to the north side) have been contoured to create drainage to the recently constructed Galveston County Drainage Corridor which is located 590' to the west of Block 252.
- The requested rezoning from Single Family 5 (RSF-5) to General Commercial (CG) for Block 252 will create a property which is properly zoned.

Attachment #5

- The project for Block 252 is for pervious surface only. It does not include any buildings, electrical, sewer, water, sub-surface development, or above-grade development. The project creates a suitable staging area for heavy off-road equipment. Block 252 is contiguous with the adjoining property leased by Keen Transportation and is currently used for the same purpose.
- There is no environmental or air quality negative impact.
- The project rezoning increases the tax base for League City and enhances the continuation of Keen Transportation's business in League City.
- Adjacent properties include a landfill, a boat yard, heavy equipment lay-down yard, a marina, a boat rigging building, a commercial truck service building, 2 office buildings, a boat motor service building, and commercial signage.
- There are no residences on North Wyoming.

Attachments include:

1. Property Survey
2. Explanation of Drainage
3. Explanation of Landscape Berm

### Notice of Neighborhood Meeting

You are receiving this notice because you are a property owner within 200 feet of Block 252 located in League City, TX. You are invited to attend a meeting to discuss the rezoning request which the owner of Block 252 will soon make to change the zoning from Single Family 5 (RSF-5) to General Commercial (CG). Copies of various property Plats showing the relationship to your property are attached. This is not a city sponsored meeting, and a representative of the city may not be present. Minutes and notes from this meeting will accompany the application for rezoning. You may send a representative.

Meeting Location: 3304 N. Wyoming Ave. Dickinson, TX 77539

Date: December 29, 2025

Time: 9:00 AM

#### Project Description:

The project will consist of a gravel parking lot for new off- road equipment staged for transport to dealerships around the country. There will be no buildings. The project will be fenced.
