**RE: Recommendation of Contract Award  
Emergency Generators At 12 Lift Stations  
COLC Bid No. 10-0020  
TDRA Work Order No. 13601-1  
PBK No. 169001**

Dear Mayor Randall:

On Thursday, September 2, 2010, competitive sealed bids were received from four (4) contractors. Attached is a tabulation of the bids received.

From the results of our evaluation, PBK is recommending the City of League City award the above referenced project to, and enter into contract with C.F. McDonald Electric, Inc. for the sum of One Million Seventy-three Thousand Five hundred nineteen dollars (\$1,073,519.00), the bid amount.

The proposed contract sum of \$1,073,519.00 meets the budget requirements for this project and is in line with market pricing for this type and scope of work we have recently experienced in this area.

C. F. McDonald Electric, Inc. is a Texas based contractor specializing in the construction of emergency generators at wastewater and water production facilities throughout the State of Texas. C.F. McDonald Electric, Inc. has successfully completed an emergency generator for the City at the Butler Road Lift Station.

We greatly appreciate the opportunity to work with you and the City's staff and we look forward to a successful project.

Sincerely,

**PBK**
