Tom Crews – Thank you, Mayor. I’ll be brief. This is really more, hopefully for more of a public informational piece. April 15 is just around the corner, and for those of you who don’t know, if you can’t file your tax return, please file the extension. The biggest penalties are the failure to file your tax returns. It can be five percent of the balance due for five months. So, you want to make sure you get the extensions filed. It’s something you can absolutely do yourself. Further on than to that, is just to say that if you do file the extension, if you miss October 15, even if you miss it by one day, it’s like the extension didn’t happen at all. You’re automatically hit with 25 percent of the balance due that existed.

So, we want to make sure that we get those extensions filed. We still have time to file the corporate extensions and the individual, and both of these are something you can do yourself for free. A lot of it is on the IRS website. I also want to make sure that people know that the 15th is also when the Galveston County Appraisal District renditions for business personal property are due. So, we want to make sure we get those done, and it also ties back to the automobiles. If we're looking for ways to save money, these are things that we definitely don't want to miss and things that we can do for free. I hope this helps. Thanks.
