Selection Process

Application Screening: The Office of the Governor will screen all applications to ensure that they meet the requirements included in the funding announcement.

Peer/Merit Review: The Office of the Governor will review applications to understand the overall demand for the program and for significant variations in costs per item. After this review, the Office of the Governor will determine if all eligible applications can be funded based on funds available, if there are cost-effectiveness benefits to normalizing or setting limits on the range of costs, and if other fair share cuts may allow for broader distribution and a higher number of projects while still remaining effective.

Final Decisions: The Office of the Governor will make all final funding decisions based on eligibility, reasonableness, availability of funding, geographic distribution, cost effectiveness, or other relevant factors.

The Office of the Governor may not fund all applications or may only award part of the amount requested. In the event that funding requests exceed available funds, the Office of the Governor may revise projects to address a more limited focus.
