Title

Consider and take action on an ordinance amending the City of League City, Texas, Governmental, Proprietary, and Capital Funds Budget for Fiscal Year 2023 by amending Ordinance No. 2022-32, Ordinance 2023-09, Ordinance 2023-12, Ordinance 2023-13, and Ordinance 2023-25 to adjust the operating and capital budget for actual and projected expenditures (Assistant City Manager - CFO)

Staff requests approval on first and final reading.

..Background:

The proposed ordinance requests a net increase of \$280,084 and six full-time-equivalent (6 FTE) to the General Fund, net increase of \$64,623 to the Utility Fund, increase of \$44,000 to the Technology Fund, increase of \$40,000 to 4B Fund, increase of \$121,044 to the Capital Replacement Fund, increase of \$250,000 to Fleet, and addition of two (2) CIP projects to the capital budget. FY2022 rollovers for the General Fund as approved by City Council in Ordinance No. 2022-32 are also shown.

If approved, the proposed ordinance would amend the City's FY2023 budget to incorporate proposed adjustments for:

General Fund

Motor Pool Lease Fees (\$7,998): increase Municipal Court for motor pool lease fees previously budgeted in special revenue fund Municipal Court Security Fund. FY2023 year-end revenue estimates for the security fund does not support the lease fee expenditure. The \$7,998 increase to the general fund Municipal Court budget will be offset by an equal decrease in Purchasing personnel services category based on year-end estimates.

Election Expenses (\$117,892): increase City Secretary budget for election expenses with a decrease in General Fund non-departmental employee insurance. This funding was budgeted in non-departmental in FY2023 for anticipated increase to employee insurance cost that was not realized.

Purchase of Rental Ambulance (\$18,000): increase EMS autos & trucks account by \$18,000 for purchase of an ambulance that was previously rented with a decrease of the same to Fire department autos & trucks.

Banking Fees (\$125,000): increase banking fees in Accounting by \$125,000 based on year-end estimates with funds from Purchasing department by the same amount.

Parks Recreation (\$30,000): increase parks recreation supplies and professional services for Parks Recreation by \$30,000 to be offset by \$80,000 additional revenue from the programs to the general fund.

General Fund Positions:

- **Increase Police by six (6) FTE:** In FY2023, 6 additional officers authorized in the adopted budget were filled during the year. This budget amendment will permanently add the six (6) FTE to the total civil service count of 126, increasing the FY2023 year-end estimate to 132. Also included in the FY2023 year-end estimate, is the transfer of a police officer to the Fire Marshal's office as a Deputy Fire Marshal I, which reduces the civil service total to 131. Authorization to 'hire over' the current number of civil service officers (131) by 6 continues in FY2024.
- Current year-end estimates for personnel services in the Police department reflect a category overage from budget due to overtime and separation pay. Both will be addressed in the 4th Quarter amendment if projections hold.

Utility Fund

Employee Insurance (\$22,500): move budget in FY2023 for anticipated employee insurance increase to departments as needed based on year-end estimates with a decrease in Utility Fund non-departmental employee insurance. Department adjustments as follows: Utility Billing (\$22,500), decrease Utility Fund non-departmental by \$22,500.

Banking Fees (\$200,000): increase banking fees in Utility Billing by \$200,000 based on year-end estimates with funds reallocated from water contract purchases and utility fund non-department totaling the same amount.

Fleet

Vehicle Repair & Maintenance (\$250,000): increase requested from Fleet fund balance to cover cost of vehicle repair and maintenance in FY2023, including a \$48,000 Fire truck repair.

4B Fund

Parks Recreation program (\$40,000): increase requested to cover cost of parks recreation supplies and professional services related to programs with an offset in additional revenue of \$40,000.
