File Type: Agenda Item

Title

Consider and take action on an ordinance revising Chapter 125 of the Code of Ordinance of the City of League City, to remove Appendixes B, C, D, and E (Director of Planning)

The Planning and Zoning Commission recommended approval, 8-0-0 on January 22, 2024.

Staff requests approval on first and final reading.

..Background:

Approval of this ordinance will amend Chapter 125 of the Code of Ordinances, removing Appendixes B, C, D, and E.

Project Timeline:

September 29, 2020- The Unified Development Code was adopted by City Council with Appendixes A through E.

December 12, 2023 - The City Council held a work session which discussed revenues and potential changes to Planning, Building, and Engineering fee schedules.

January 22, 2024 - The Planning and Zoning Commission held a public hearing and recommended approval of the request, 8-0-0.

February 13, 2024 - City Council is scheduled to hold a public hearing and hear the item on first reading.

Project Summary:

When the Unified Development Code (UDC) was adopted in 2020, five appendixes were included as part of the adoptive Ordinance No. 2020-25.

Appendix A: Definitions

Appendix B: Development Handbook

Appendix C: Historic District Design Guidelines

Appendix D: Engineering Design and Construction Standards

Appendix E: Reference to Development Related Documents

The intention of including Appendixes B thru E in the UDC was to consolidate all development requirements into a single document for ease of use, but to allow for these appendixes to be living documents with Staff having the ability to update the documents either administratively or thru Council Resolutions as needed from time to time.

As Staff was working to update the Planning Department's fee schedule, a conversation with the City

Attorney took place. In the opinion of the City Attorney, Ordinance No. 2020-25 did not clearly separate the appendices from the UDC adoption and as a result, the planning fees, historic district guidelines and the Engineering Department's General Design and Construction Standards were erroneously linked to Ordinance No. 2020-25

This public hearing and related action item are intended to amend Ordinance 2020-25 to clearly separate Appendices B through E from the ordinance. Once separated, Staff shall bring back a resolution to update the Planning Department's fee schedule.

Should this amendment be approved, Appendixes B thru E will be removed from Chapter 125 (Unified Development Code) and may be amended by their originally intended means (Administratively, Ordinance, or Resolution).

On January 22, 2024, the Planning and Zoning Commission recommended approval of the proposed ordinance amendments, 8-0-0.

Staff recommends approval of the proposed ordinance amendments.
