October 24, 2014

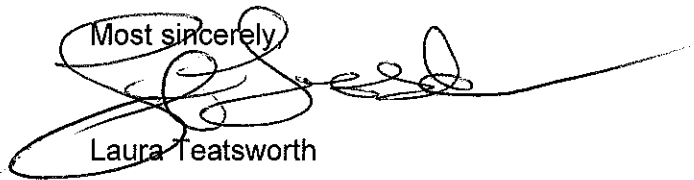

Dear League City Council members,

Cedar Landing is a subdivision located in West League City, with Clear Springs High School as our neighboring school. Within our subdivision lies Cedar Point Drive, which has been used by many drivers as a cut through road, as it is a shared entrance to also homeowners of a neighboring subdivision towards the back of Cedar Landing.

As President of Cedar Landing, I have heard many complaints and concerns regarding the vehicle traffic on Cedar Point. I held a specific meeting to address the concerns of the residents and a petition was signed by the homeowners who reside on Cedar Point. Their desire for speed humps on Cedar Point is loud and clear.

As the representative of Cedar Landing, have worked with Mr. Earl Smtih, in securing the necessary documentation for this request. I have signed consent from the Board of Directors and from the residents. Please allow us to have Speed Humps to be placed according to League City Guidelines on Cedar Point Drive.

Most sincerely,

Laura Teatsworth

Cedar Landing HOA, President

*League City, Texas*

As the Cedar Landing Board of Directors, we agree upon and respectfully request speed bumps to be placed on Cedar Point Drive within the Cedar Landing Subdivision.

We support our homeowners request for speed bumps and ask for the City of League City to grant us this request.

Sincerely,

Cedar Landing HOA

Board of Directors
