Good morning Rick,

As a board member of Operation Finally Home I am requesting that the City of League City waive all the associated permitting fees for the next house Harbour Classic Homes LLC builds for a wounded veteran returning from our war on terror. Harbour Classic is proud to build its second home in 3 years in League City for Operation Finally Home. Operation Finally Home has built and completed 6 houses in League City since 2005, more than any other city that we build in across the nation. The City of League City has been gracious enough to waive all permitting fees for these projects to date. As a resident of League City myself, it is a source of great pride that our local leadership values the sacrifices made by the men and women and their families of our armed forces.

Thanks,

Murphy Yates

Subject: 2828 Scandicci

Morning again,

Would you please let me know how many homes we have provided to wounded veterans in LC so I can add this to my report. I would assume that more homes have been built in LC than any other community; true?

Thank you again,
Rick
