Re: Dallas Salmon Wastewater Treatment Plant - Asbestos  
703 N Wisconsin,  
League City, TX 77573

Dear Mr. Hooks,

Cherry Demolition is pleased to submit our proposal of \$ 2,850.00 plus sales taxes, if applicable, for the demolition work at the above referenced address, and the following clarifications:

- 1) Cherry is to perform the demolition of the non-friable asbestos containing vapor barrier black mastic material in place on the exterior of the noted building only. Cherry's price is based on utilizing an asbestos worker trained operator (32-hr.) and asbestos awareness trained groundman (2-hr.). The materials will be segregated, manifested, and disposed of as non-friable asbestos at an approved landfill.
- 2) Cherry has not included having a third-party consultant, asbestos supervisor, or poly-wrapping the material. Additionally, all other identified ACM to be removed by others prior to our mobilization.

For tax purposes, our bid can be allocated as follows:

Demolish In Place (Non-Friable ACM) -	\$ 2,850.00
<b>Total -</b>	<b>\$ 2,850.00</b>

- If a project specific tax-exempt certificate is not provided, sales taxes of \$235.13 will be added to the total cost.

If you have any questions or if you need any additional information, please feel free to contact me. Thank you for this opportunity.

Thank you,  
Stephen Rogers
