Consider and take action to authorize the City Manager to execute an interlocal agreement with Clear Creek Independent School District (CCISD) for the School Crossing Guard Program (Chief of Police)

Approval of this item will continue funding for the CCISD School Crossing Guard Program at League City schools. The 2012-2015 interlocal agreement with CCISD for School Crossing Guards expired July 31, 2015. As the number of schools and student crossing areas has increased throughout the City, additional crossing guards have been added to the program. Specifically, guards were added at Mossman and Hall Elementary schools.

Additionally, Bayside Elementary requires a crossing guard at the Education Village to cover both the morning and the afternoon timeframes. The guards added since the 2012 contract bring the total to twelve (12), including one (1) team leader position. The hourly rate of \$15.00 remains the same as do the benefits and rate for the team leader. The additional positions bring the total of the new contract to \$73,126.80. This is a \$6,862.50 increase from the expiring contract of \$66,264.30 and funds two (2) additional crossing guards.
