Consider and take action on a resolution authorizing a construction contract with Texas Sterling Construction, Co., for the Calder Road Improvements Project (ST1002) in the amount of \$7,528,129.70, and the expenditure of an additional \$752,812.97 for construction work change directives for a total amount not to exceed \$8,280,942.67 (Deputy City Manager)

Approval of this resolution will authorize the award of the construction contract to Texas Sterling Construction, Co. for the construction of the Calder Road Improvements Project, and authorize funds for a construction work change directive budget.

This is a joint project with Galveston County. The County is responsible for the design and up to approximately \$3,051,205 of the construction costs. The City is responsible for obtaining the additional right-of-way required and construction costs that exceeds the County's contribution.

The project will convert Calder Road, from Ervin Street to League City Parkway, from an open ditch rural roadway to a concrete, curb and gutter, urban roadway with storm sewers. The proposed pavement section will be 3 lanes (two travel lanes and one center turn lane) with a roundabout at Turner Road.

Sealed bids for the project were received August 2, 2016 (Bid No.16-031). Texas Sterling Construction Co. submitted the lowest bid in the amount of \$7,528,129.70.

Staff requests the approval of the award of the construction contract and the authorization of funds, as follows:

1. Construction contract with Texas Sterling Construction Co. in the amount of \$7,528,129.70.
2. Construction Work Change Directive budget in the amount of \$752,812.97 (10% of construction amount) that will allow staff to approve minor field changes to expedite decisions and avoid possible construction delays and/or damage claims by the contractor.
3. For a total not to exceed \$8,280,942.67.

This project is anticipated to take 500 calendar days from the notice to proceed.
