### **Separate Vote Required to Ratify Tax Increase**

State Budget Law requires “a separate vote of the governing body to ratify the property tax increase reflected in the budget.” (This is related to the state-required language included on the budget’s cover page and in the notice of public hearing on the proposed budget noting that the proposed budget includes more property tax revenue than in the current year.) The FY2019 Budget is based a tax rate of \$0.5638, \$0.0012 less than the FY2018 rate, which increases property tax revenue. This revenue increase is due to value growth and to new property added to the tax roll this year from the community’s growth. State law mandates that the revenue increase be termed a tax increase. This required separate vote to ratify the tax increase is planned to be brought forward to Council in a separate agenda item with the second reading of the budget ordinance at the September 11 Council Meeting.

### **Second Reading and approval of the Budget**

The 2nd reading is scheduled for September 11th. The Charter requires the budget to be approved by at least ten (10) days before the beginning of the fiscal year, which is September 20th.
