Consider and take action on an ordinance amending Chapter 22 of the Code of Ordinances of the City of League City entitled "Building and Building Regulations" to adopt the National Electric Code, 2020 Edition (Executive Director of Development Services)

The National Electric Code establishes rules and regulation for the construction, alteration, removal, demolition, use, location, and maintenance of electrical systems and equipment as defined in the code, including permits and penalties. The Texas Department of Licensing and Regulation (TDLR) is responsible for the statewide regulation of electricians and requires licensed electricians to follow the most recently adopted National Electric Code 2020 Edition.

Approval of this item amends Chapter 22 of the Code of Ordinances of the City of League City entitled "Building and Building Regulations," specifically Section 22-59 entitled "National Electrical Code Adopted" to adopt, except as modified by section 22-60 by and for the city, the building code known as the National Electrical Code, 2020 edition, including all appendices adopted by the National Fire Protection Association.

Staff Recommendation:

Staff recommends approval of the adoption of the 2020 National Electric Code with an effective date of January 1, 2021.
