Consider and take action on a resolution establishing the League City Legislative Advocacy Program (Deputy City Manager)

Approval of this resolution will formally establish a League City advocacy program that is intended to increase our regional presence in an attempt to benefit League City and with the hope of enabling available resources to be directed our way.

The City's advocacy program would be used as a guide for city positions and to protect the City's municipal interests. A couple of the specific goals of the program is to build upon our relationships with our elected officials and take a more active role in Houston-Galveston Area Council (HGAC), Texas Municipal League (TML) and professional organizations. In addition, we would anticipate the development and adoption of a formal legislative agenda later this year.
