

Legislation Text

File #: 17-0204, **Version:** 1

Consider and take action on a proposed resolution authorizing a one-year contract renewal with Team Work Construction for streets, sidewalk and concrete pavement repairs in an amount not to exceed \$3,000,000 for the period June 1, 2017 through May 31, 2018 and authorize additional funding of \$500,000 for the current contract period through May 31, 2017 (Director of Public Works)

Approval of this proposed resolution will authorize the City Manager to execute an agreement with Team Work Construction for streets, sidewalk and concrete pavement repairs in an amount not to exceed \$3,000,000 for the period June 1, 2017 through May 31, 2018.

On May 12, 2015, City Council approved a two year contract with Team Work for the period June 1, 2015 through May 31, 2017, with the option to renew for two (2) successive one (1) year periods, for an estimated amount of \$1,440,000. Staff is requesting an additional \$500,000 for the current contract period for street department concrete inlet repairs, sidewalk work orders and concrete repairs at League City Parkway and Hobbs Rd. The increased costs are driven by increased funding provided for street and sidewalk reconstruction.

Team Work Construction has agreed to honor the same bid prices for all work to be performed throughout the City of League City. Upon approval of this first renewal, Team Work Construction will repair streets, sidewalks and concrete pavement to supplement the work performed by the Streets department concrete repair crew. The City of League City crews will focus on projects associated with water and sewer line repairs and sidewalk repairs and replacement in support of the City's Capital Sidewalk Project. The FY 2017 budget provided enhanced funding for these activities through the "reinvestment" projects for streets and sidewalks.

The \$3,000,000 in estimated expenses from June 2017-May 2018 are based on the following items:

Concrete repairs due to Line Repair work (\$20,000); Streets concrete inlet repairs (\$742,845); Sidewalk Reinvestment project RE1701 (\$1,337,484); Landing Blvd project TR1301 (\$43,323); Parks projects PK1101 (\$52,461); Skatepark project PK1101C (\$3,887); League City Parkway at Hobbs concrete repair project RE1702E (\$200,000); Street reconstruction project RE1702 (\$500,000); Facilities Reinvestment project RE1705 (\$50,000); Parks Facilities Renewal project (\$50,000).
