File #: 20-0193, **Version:** 1

Consider and take action on a resolution authorizing the purchase of an emergency replacement vehicle with related equipment for the Fire Department through various state contracts in an amount not to exceed \$68,052 (Director of Public Works)

Approval of this resolution will authorize the purchase of one (1) Chevrolet Tahoe and related public safety equipment to replace the Fire Department's Unit 7 in an amount not to exceed \$68,052.

Unit 7 is a 2009 Chevrolet Tahoe, VIN 1GNEC03099R205471 with 85,085 miles assigned to the District 1 Fire Chief. The unit was brought in for service on March 24 with a complaint of the check engine light on and low oil pressure. Norman Frede Chevrolet diagnosed the vehicle with an engine failure for a repair cost of \$7,673. As this vehicle was scheduled to be replaced in the upcoming FY2021 budget, staff is requesting to advance the replacement in this FY2020 current budget year.

The total purchase cost for the new vehicle and related public safety equipment, including the GoodBuy purchasing fee, will be \$68,052. Proposed cost is all inclusive of required equipment add-ons, at the time of this writing. The Capital Replacement Fund's FY2020 budget includes \$200,000 for emergency equipment replacement.

Vehicle and related equipment will be purchased through H-GAC, GoodBuy or DIR state contracts. The utilization of these contracts meets formal bidding requirements.
