Re: Recommendation to Reject Bids  
South Shore & Brittany Bay Water Plants – Chemical Feed Additions  
WT1802E  
City of League City

24-050

Dear Mr. Tuma,

The above referenced project bid opening was February 18. One bid was received from Wameco Construction LLC with a total bid amount of \$2,133,750 which was significantly higher than our engineer's estimate of \$1,258,990. Even with the bid adjustment as explained in our letter titled *Explanation of Bid*, dated February 25, 2026, the total bid is still \$1,593,750. In addition, the amount for several of the individual bid items appear to reflect a lack of understanding of the project. Therefore, due to the high total bid amount and the lack of bidders, SEC recommends rejecting the bid and rebidding the project.

Please call or email if you have any questions or comments.

Thank you

Erik D. Miller, P.E.  
Vice President
