**Subject:** RE: Enterprise Ave 12 Inch Aerial Crossing Replacement with 8 Inch Bypass

Robert,

Please proceed with the procurement process in preparation for an Agenda Item on the April 22<sup>nd</sup> Council Meeting. The repair is considered "Urgent" due to the existing condition of the 12 inch waterline that is attached to the Enterprise Ave Bridge. The recent temporary emergency repair of the aerial crossing is subject to failure due to the corroded condition of the waterline. If this line fails there is NO option to back feed a substantial amount of residences in Harbour Island area.

Thank you,

**Jody Hooks**  
Director  
Public Works

**Subject:** Enterprise Ave 12 Inch Aerial Crossing Replacement with 8 Inch Bypass

All,

Please see all attachments for the replacement of the 12-inch aerial along Enterprise Ave. Branch came in the lowest, but the two quotes provided are very competitive. Once you give me the authorization to proceed, we will begin the P.O. process.

In summary:

COLC requested three quotes and received two quotes and one no-bid for this project.

- Branch Construction has all pricing included in one.
- Faith Utilities' quote was provided with the proposed aerial and the bypass separate and must be added together for the sum.
- King Solution provided a no-bid due to workload and crew availability.
