Re: Intent to Bid (ITB) No. 24-057 Installation of Dump Truck Body on Ford
F750 Chassis

Enclosed for your review and approval is the award recommendation for the installation of dump truck body on Ford F750 chassis.

HISTORY

On September 17, 2024, Request for Proposal 23-057 Installation of dump truck body on Ford F750 chassis was released to the public. The objective of the solicitation was to find qualified proposers to provide installation of dump body on a F750 chassis. The proposals were received and opened October 15, 2024 at 10:05 AM CST.

AWARD RECOMMENDATION

We received one proposal from East Texas Truck Systems (ETTS) for this install of dump truck chassis on Ford F750 chassis. The work is limited to a few vendors due to the type of work required in the specifications. Based on the vendor meeting the specifications as well as delivery of the vehicles to and from their shop in Tyler Texas, the Purchasing Department recommends awarding the contract to East Texas Truck Systems as the proposer.
