

# FARRWEST

FarrWest  
108 Commercial Place  
Schertz, TX 78154

September 12<sup>th</sup>, 2025

To Whom It May Concern:

This letter is to inform that FarrWest is the currently the only known agency within Texas that would be able to fulfill the requirements of the League City Fire Department. These requirements include, but are not limited to, the following:

- 1) The direct access to manufacturers of equipment used by the fire department such as RAE Systems, Smiths Detection and Sensit Technologies.
- 2) Manufacturer certified technicians and certified repair facility
- 3) Ability to perform all maintenance, calibrations and training on-site and at each individual fire station based on the specific requirements needed by the Department
- 4) Being certified trainers for equipment used by League City Fire Department
- 5) Being able to provide monitoring support and training for special events, public venues or hazmat related emergencies
- 6) As the equipment involved is rented/leased by League City, no other provider other than the equipment owner, FarrWest, is authorized to perform service on these monitors.

There is no other known company available in the Texas that would be able to provide these specific services or support at this time to the League City Fire Department.

If you desire additional information, don't hesitate to contact me at (210)566-1857 any time or email me at [tbrown@farrwest.com](mailto:tbrown@farrwest.com). Thank you for your interest in our products and services.

Sincerely,

**Travis Brown**
