**12. REPORTS FROM STAFF MEMBERS**

**Announcements concerning items of community interest. No action will be taken or discussed.**

**John Baumgartner – Just one quick announcement relative to all of the conversations related to the cat program, the Trap, Neuter and Return, I think many of you know that we have started a new community outreach called LeagueCityListens.com. We'd like to take this opportunity to help engage the citizens other than meetings to use that tool and perhaps reach out to us through that. It's LeagueCity.com/cats to provide input through that tool. Obviously, we're also going to have a public meeting to get interest and look forward to collaborating with the community to develop a program that meets the expectations.**

**13. COUNCIL MEMBERS COMMENTS/REPORTS**

**Announcements concerning items of community interest. No action will be taken or discussed.**

**Mayor Pro Tem Andy Mann – No Comments**

**Justin Hicks – No Comments**

**Chad Tressler – No Comments**

**Sean Saunders – Thank you, sir. I do want to report on, my thunder's already been stolen by a couple of others on the Community Standards Review Board, they met last night. I will say I was very proud of the board. They reviewed the books that was necessary to be reviewed, came back, had lively discussion, even through I had to depart for a little bit for another meeting I had to deal with, they had very good discussion over it. They voted. It worked just like it should. When it came to the two books that were already categorized in the right area, there wasn't even a discussion, they were like this is already in the adult section. There was a motion to just dismiss them, they were dismissed, and they moved on. There was a topic brought up that we're going to have to look at on the adult books in the adult book section, primarily for books that don't meet historical accuracies, or are propaganda in nature.**

There was some discussion about that, there's been a book in the past that was donated to the library. That is something that we as Council are probably going to have to look at and address, also. I plan on trying to meet with the librarian here this week or next week to discuss it further with her. Other than that, I'm pretty proud of the committee, they did a great job last night. Even the differing viewpoints that all of them have, they all came together and worked to resolve these issues. Thank you.

Tommy Cones – Just like to say thank you to all of the first responders, 9-11 was yesterday. Just say thank you to fire, police, EMS, public works, nurses and doctors, everybody that had a hand in 9-11. Sad day, it's the 22nd year. Just go out and say hello to them and shake their hand for protecting our community. Thank you.

Tom Crews – Thank you, Andy. I'll be brief. First, I want to welcome the chief. I know you're going to do a great job. I'm happy to have you officially on board. I don't know if it was much of a secret I was pretty frustrated with the budget process. I know that people kept saying it went smoother. I there's some changes that could be made and I would like to sit with John and Angie over lunch to kind of go over those pieces. For the item about the library that has come up, and I agree with Councilman Saunders that the meeting went very, very well. This will be kind of a John question, I don't know if we need action to actually go through and legislate this anymore. I would like to see if we could just do a standard operating procedure on something like this, to where you could just give direction to the librarian for removal of outdated books or whatever. I don't know if we need the Council on those things. Outside of that, thank you guys.

John Bowen – No Comments

Mayor Pro Tem Mann – Mayor Long is the last one on the list and I'll just pretend I'm Mayor Long and say thank you for the opportunity to serve in this capacity.
