PROJECT DESCRIPTION

Multi-year CDBG project investing over \$300K annually to complete open segments from FM 518 from I-45 to FM 270, for a safe and uniform walk-path.

In FY2025 the city will be utilizing CDBG funds to purchase a LMI (Low to Moderate Income) software to help identify additional target areas throughout the city to expand this program.

FY2026-Future Years – sidewalks identified from LMI software.

PROJECT JUSTIFICATION

This project will fill sidewalk gaps along FM 518 from IH 45 to FM 270; completing a safe route for pedestrians. Today funding is only proposed for the northside because of CDBG eligibility. In the future a request will be made for CDBG to expand their eligibility to encompass the southside, if denied a new funding source will need to be identified.
