

Name:

State Homeland Security Program – LETPA Projects (SHSP-L), Federal Fiscal Year 2026

Available

02/17/2026

Due Date

03/16/2026

Purpose:

The purpose of this announcement is to solicit applications for projects that support state and local efforts to prevent terrorism and targeted violence and prepare for the threats and hazards that pose the greatest risk to the security of Texas citizens. PSO provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving a secure and resilient state.

Per Congressional mandate (911 Act), at least twenty-five percent (25%) of the combined Homeland Security Grant Program funding must be used for Law Enforcement Terrorism Prevention Activities (LETPA). **FEMA has increased this requirement to 35%**. This solicitation supports state, tribal and local preparedness activities that continue to build law enforcement capabilities to prevent terrorist attacks and provide law enforcement and public safety communities with funds to support critical prevention and protection activities. All LETPA investments must be consistent with capability targets set during the Threat and Hazard Identification and Risk Assessment (THIRA) process, and gaps identified in the State Preparedness Report (SPR).

The State Homeland Security Program-LEPTA (SHSP-L) is intended to support investments that improve the ability of jurisdictions to:

- **Prevent** a threatened or actual act of terrorism; and/or
- **Protect** its citizens, residents, visitors, and assets against the greatest threats and hazards;

Prevention is defined as the capabilities necessary to avoid, prevent, or stop a threatened or actual act of terrorism.

Many activities which support the achievement of target capabilities related to terrorism preparedness may simultaneously support enhanced preparedness for other hazards unrelated to

acts of terrorism. However, **all SHSP-LEPTA projects must assist grantees in achieving target capabilities related to preventing or thwarting an initial or follow-on terrorist attack.**

Available Funding:

Law Enforcement Terrorism Prevention Activities implemented under SHSP must support terrorism preparedness by building or sustaining capabilities that relate to the prevention of terrorism.
3. Grantees are required to maintain adoption and implementation of the National Incident Management System (NIMS). The NIMS uses a systematic approach to integrate the best existing processes and methods into a unified national framework for incident management across all homeland security activities including prevention, protection, response, mitigation, and recovery. Grantees must use standardized resource management concepts for resource typing, credentialing, and an inventory to facilitate the effective identification, dispatch, deployment, tracking and recovery of resources.

- Each COG’s homeland security advisory committee will prioritize all eligible applications using the region’s risk-informed methodology.
- PSO will accept priority listings that are approved by the COG’s executive committee.
- PSO will make all final funding decisions based on eligibility, FEMA National Priorities, COG priorities, reasonableness, availability of funding, and cost-effectiveness.
