David,

As discussed, please move forward with procuring King Solution’s proposal on an urgent basis. King Solutions and Wagner Construction submitted acceptable proposals to execute the full scope of the

work needed to make the repair. Faith's proposal is considered incomplete after multiple requests to submit proposal for full scope of work. It is imperative to begin the repair as soon as possible due to the potential of damage to near-by private property. This serves as the basis of the emergency repair. We will prepare a Council Agenda Item to ratify the procurement when the work is complete.

Thank you,
